

January 24, 1961

Dr G W Gore, Jr
President
Campus

Dear Dr Gore:

Pursuant to our recent conference in which you expressed a desire that a study be made of student behavior on our campus, I am enclosing herewith a proposed questionnaire which would be filled out by students. Believing it a good idea to get a true picture of the situation through students' opinions, I would like your permission to follow through on this survey. Any suggestions or criticisms which you feel necessary, however, I would appreciate your making.

Incidentally, at the last monthly meeting of the SGA, the idea of a campus-wide survey was brought before the group and received with great enthusiasm. At the same time, the SGA indicated that it would be strongly in favor of working toward an Honor System.

Yours very truly,

James N Eaton
