Florida A. and M. College
Campus

Dear Miss Nims:

This is to acknowledge with thanks your recent communication.

Please be assured that we are most appreciative for the gift of the Alpha Kappa Alpha Sorority, and we are definitely sure that your fountain contributed immeasurably to our efforts to beautify the quadrangle area of our campus. Extensive grading is to be done on the section in front of the Library where the fountain is to be placed. The grading in question has been delayed because it is desirable that the demolition of the old gymnasium be completed before such work is done. As soon as the landscaping can go forward, your fine gift will be erected by our Maintenance Division, and we hope with you that such can be done before the school year terminates.

Sincerely yours,
