March 12, 1930.

Dear Mr. Work:

Without waiting for a direct appeal, friends of the Commission have already sent us \$12,253.00. Every two dollars contributed claim one dollar of the \$400,000 conditional pledge of the Spelman Fund.

A beginning has been made, but much remains to be done before the goal of \$1,360,000, needed to enable the Commission to start its enlarged program, is reached.

"A Sane Approach to the Race Problem" told you the story of the Commission - of its work and its need - and of its hopes for a fund which will ensure the continuance of its work for the next ten years.

Will you help the Commission by contributing toward the Stabilization Fund?

Yours sincerely,

*Will W. Alexander*

Enclosure: Pledge Card

*John H. Bailey*

*R. R. Moton*
