1. 7 OF 8 ELEM. SCHOOLS THAT WERE 0.0% BLACK OR LESS THAN 1% BLACK ^{IN 1956} WERE MAINTAINED IN A CONSTANT STATE OF OVER-UTILIZATION (CROWDING) THAT RAN THE SPECTRUM FROM 1 EQUIVALENT CLASSROOM* TO 6 EQUIVALENT CLASSROOM* PER BLDG. PER YEAR 1950-1956

* 1 EQUIVALENT CLASSROOM = 25 to 30 pupils

2. THE FIVE BLACKEST ELEMENTARY SCHOOLS IN 1956 HAD BEEN MAINTAINED AT LEVELS OF UNDER-UTILIZATION (EMPTYNESS) THAT RANGED FROM 2 EQUIVALENT CLASSROOM TO AS MANY AS 7 EQUIVALENT CLASSROOMS PER BLDG. PER YEAR FROM 1950-1956.

DATA SOURCES:

Capacity

1. SAME AS "CONSTRUCTION"
2. EXPLANATION: THE SCHOOL BOARD IS FORTY EIGHT IN THE DEFINITION OF "CLASSROOM = 30" & "KINDERGARTEN = 40" UNTIL THE MID-70's. AT THAT TIME THEY SAY THEY WENT TO "PROGRAM" CAPACITY.
3. THE CAPACITIES INDICATED ARE ESSENTIALLY FOR THE PERIOD THRU 1958 AS WELL AS YEARS BEYOND ~~THE~~ WHEN I HAVE HAD IN HAND A SPECIFIC CAPACITY REFERENCE FOR A GIVEN YEAR.

I WILL UPDATE IT AS IS NECESSARY.

4. THE CAPACITY INDICATED FOR A GIVEN YEAR IS FOR THE REGULAR NUMBER OF CLASSROOMS INDICATED AT A GIVEN SCHOOL IN A GIVEN YEAR. THE "+" IS A REFERENCE TO THE EXISTENCE OF THE "K"s, "MPR"s & "S.V.R"s.

Data Sources:

CONSTRUCTION: ORIGINAL BLDG & CLASSROOM ADDITIONS.

1. Δ 'S ANS. TO Π 'S # 9.5
2. Δ 'S ANS. TO Π 'S # 2
3. A CENTENNIAL HISTORY OF THE TOPEKA SCHOOLS (L-14)

EXPLANATION OF SHORTHAND SYMBOLS:

1. "ORIG." INDICATES ORIGINAL CONSTRUCTION AND SHOULD COINCIDE WITH THE DATE IN THE "YEAR OPEN" COLUMN.
2. "+" WITHOUT A NUMBER, INDICATES THAT THE BASE DATA MADE REFERENCE TO AN ADDITION IN THAT YEAR BUT DID NOT GO ON TO GIVE SPECIFICS
3. "REPL" INDICATES THAT AN ORIGINAL BLDG. WAS SUBSEQUENTLY REPLACED.
4. "K" OR "KOGN" = KINDERGARTEN
5. "AUD" = AUDITORIUM.
- *6. "S.U.R." = SPECIAL USE ROOM
7. A WHOLE NUMBER = THE NUMBER OF CLASSROOMS AS OF THAT YEAR
8. "ANX'D" = YEAR ANNEXED TO TOPEKA SCHOOL SYSTEM.
9. "G" = GYMNASIUM.
10. "MPL" = MULTIPURPOSE ROOM.
- *11. SPECIAL USE ROOMS INCLUDE THOSE USED FOR SPECIAL ED., LABS, MUSIC RMS, ETC. THEY ARE INCLUDED BECAUSE IT IS OBVIOUS THAT OVER TIME THE SCHOOL SYSTEM USED THEM TO RECIPROCAL GROWING.
THE SAME CAN BE SAID FOR THE OTHER "NON-CLASSROOM" ROOMS INCLUDED.

Capacity Notes.

1. CONSTANT OF 30 PUPILS PER CLASSROOM IS USED
" " 60 " PER KINDERGARTEN " "
" " 25 " " PORTABLE " " PER-1973
2. EXCEPTIONS: 1973 (L.25) IT'S OBVIOUS THAT THE CHART IS USING 30 PER PORTABLE.
3. GENERAL: THE CAPACITY FIGURE ARRIVED AT IS A COMPOSITE OF THE SPECIFIC FIGURES GIVEN IN THE DOCUMENTS + THE KNOWN CONSTRUCTION HISTORY OF THE SCHOOL + THE HISTORY OF THE PLACEMENT OF PORTABLE CLASSROOMS AT THE SCHOOL.

AN ATTEMPT HAS BEEN MADE TO ARRIVE AT A CAPACITY FIGURE WHICH REFLECTS THE REAL PHYSICAL CAPACITY OF THE SCHOOL AS SHOWN BY THE SCHOOL BOARDS USE OF THE SCHOOL. THUS IF SCHOOL BOARD DOCUMENTS STATE THAT THE CAPACITY OF THE SCHOOL WAS LARGER THAN THAT ARRIVED AT BY MULTIPLYING THE NUMBER OF STUDENTS IN A STANDARD CLASSROOM TIMES THE NUMBER OF CLASSROOMS (STANDARDS OR KINDERGARTEN) THEN I TOOK THE HIGHER NUMBER TO BE THE ACTUAL SCHOOLS EXPERIENCED CAPACITY.

SIMILARLY IF THE SCHOOL BOARD DOCUMENTS STATE A SCHOOL CAPACITY THAT IS SMALLER THAN THAT USED HISTORICALLY AND I HAVE NO REPORT OF MAJOR MODIFICATION TO THE INTERNAL PHYSICAL ORGANIZATION OF A GIVEN BLDG., THEN I ASSUME THE HISTORICAL CAPACITY TO BE AVAILABLE FOR USE.

4. KINDERGARTEN: I HAVE ATTEMPTED TO ALWAYS REGARD A KINDERGARTEN CLASSROOM AS ONE THAT CONTAINS 60 PUPILS. THIS IS BECAUSE THE YEAR BY YEAR ENROLLMENT FIGURES WITH WHICH I HAVE TO WORK DO NOT COUNT KOGN. CHILDREN AS $\frac{1}{2}$ PUPILS.
5. GENERAL: IF A SCHOOL HAS BEEN SHOWN TO HAVE MORE THAN ONE KOGN. IN A GIVEN YEAR OF ITS HISTORY I ASSUME THE KOGN. CAPACITY TO CONTINUE AS 60, NOT REVERT TO 30, OVER TIME. (OVER)

5. CONT'D BUT I HAVE TREATED THE USE OF MULTIPURPOSE
ON SPECIAL USE ROOMS IN JUST THE
REVERSE BECAUSE OF THE RELATIVE
APPARENT INFREQUENCY OF THEIR USE AS
STANDARD OR K.D.N. CLASSROOMS.

PORTABLE PLACEMENT 8/1 WATERBURY

CONSTRUCTION: RATIONALE FOR NUMBER OF ROOMS PER SCHOOL

AVONDALE EAST:

1. 1954: OPENED TO REPLACE OLD AVONDALE SCHOOL.
2. ORIGINAL BLDG HAD. — ROOMS.
3. 1955: ADDITION OF — CLASSROOMS
1956: " " 4 " A's ANS. TT's # 95
1957: TOTAL ROOM COMPLEMENT = 19 CL. + 1 KIDG. + 1 M.P.R. L.15
4. 1959: ANNEXED TO S.D. # 23 L.1
5. NO ADDITIONAL CONSTRUCTION IS INDICATED AT SCHOOL TILL 1983
6. BUT 1973 FACILITIES STUDY INDICATES L.25
22 ROOMS @ SCHOOL AND 1967
STUDY INDICATES A CAPACITY OF 720. L.21
720 IS EITHER 24 STANDARD CLASSROOMS
@ 30 KIDS / ROOM OR 20 STANDARD
CLASSROOMS @ 30 W/ 2 ROOMS USED
FOR KINDERGARTEN @ 60 / ROOM
7. THERE IS NO INDICATION OF TEMPORARIES A's ANS. TT's 9.1
AT THE SCHOOL. OTHER THAN 1963
8. THE NUMBER 22 IS REITERATED IN '76 & L.31
77 L.32
9. MAXIMUM ENROLLMENT @ SCHOOL WAS 905 L.1
IN 1963
10. THERE WERE 5 TEMPORARY CLAS. A's ANS. TT's 9.6
PLACED THERE IN 1963 @ 30 / RM
THIS INDICATES 750 IN MAIN BLDG.
AND 22 CLAS COULD HAVE HANDLED
THAT @ 34 KIDS / ROOM.
11. CONCLUSION: 19 CLAS + 1 K + 1 M.P.R.
IS ALL THERE WAS IN BASIC
BLDG. I.E. CAPACITY = 630 +

AVONDALE S.W.

1. 1957: OPENED TO SERVE AS A JUNIOR HIGH FOR
FORMER AVONDALE S.D. # 97 L.15.
2. ORIG. BLDG. HAD ? ROOMS.
3. 1957 ADDITION OF 4 ROOMS L.15
1958 " " 9 ROOMS. L.15
4. 1959 ANNEXED TO S.D. # 23 L.1
5. NO INDICATION OF ADDITIONAL CONSTRUCTION
AFTER 1959.
6. 1966 PLANNING DOCUMENT INDICATES
A CAPACITY OF 450 OR 15 RMS
@ 30 KIDS L.20
7. 1967 PLANNING DOCUMENT INDICATES
A CAPACITY OF 570 AN INCREASE
OF 120. L.21

THIS COULD BE ACCOUNTED FOR BY
THE USE OF TWO RMS. AS KIDN.
8. 1973 INDICATES A CAPACITY OF 480. L.25
THIS AGAIN CAN BE ACCOUNTED
FOR WITH KIDN.
9. CONCLUSION: THE BASIC BLDG HAS ALWAYS
HAD 15 CLASSROOMS DURING ITS
LIFE IN S.D. 23 (501)
I.E. CAPACITY = 450 +
- 3a. 1958-59 INDICATES 16 CRMS. CO
CLERK.

AVONDALE WEST.

1. 1954: opened TO REPLACE OLD "AUGUSTINE" SCHOOL Co.
CLERK.
2. ORIGINAL BLDG HAD ? CLERMS
3. 1955: ADDITION OF 5 CLERMS L.15
 1956: " " 2 " "
4. 1957: A TOTAL OF 17 CLERMS + 1 KRN. + 1 M.P.R. "
5. 1959: ANNEXED TO S.D. # 23 L.1
6. 1957 CAPACITY = 570 L.15
 1966 " = 540 (CHANGE COULD BE DUE L.20
 TO KRN.) P.3
 1967 " = 600 (KRN) L.21)
 1973 " = 600 " L.25
 1974 CAPACITY BEGINS TO DEFINE "EFFECTIVE
 INSTRUCTIONAL CAPACITY" (EIC) AS
 PROGRAM CAPACITY L.26
7. 1976 INDICATES 2 PORTABLES L.31
8. CONCLUSION: THERE ARE 18 CLERMS + 1 KRN.
 AT SCHOOL.
 ∴ BASE CAPACITY = 570 +
 (+) THEY HAVE USED M.P.R. AS A CLERM.

$$\begin{pmatrix} 8+K \\ 240+60 \end{pmatrix}$$

$$\begin{array}{r} 11+2K \\ 330+120 = 450 \end{array}$$

ADDITIONS 1950 - 1980

Highland Park High School

1955 - 45,637 square feet - cost before annexation cost not available

- "A" Two story classroom addition to match existing added at northwest corner, contains thirteen classrooms, workroom, men and women's restrooms, small office, finish room corridors, stairs and entries. 18,888 sq. ft. 14
- "B" One story cafeteria addition west side to match existing. 2,425 sq. ft.
- "C" One story addition to southwest corner contains library and workrooms, restrooms, teachers area, six classrooms, study hall, corridors and entries. 15,132 sq. ft. 7
- "D" One story addition on east center part of existing contains locker room and classroom. 2,394 sq. ft. 1
- "E" One story addition at northeast corner contains two classrooms, shop, restrooms, band room with instrument storage room, two small office, storage areas, corridors and entries. 6,798 sq. ft. 4

1965 - 9,540 square feet - cost \$233,989.92

Addition of four science classrooms to the east end of the south wing.

1969 - 3,340 square feet - cost \$129,555.20

Addition of two science rooms plus greenhouse to the east of the science wing.

1970 - 43,569 square feet - cost \$1,249,410.07

New building addition to the Highland Park High School Plant. Building contains large gym with boys locker, toilet, showers, office, team locker room, showers, toilet, training room, office, storage areas, mezzanine north and south for P.E. stations, kitchen, serving area, dining room, restroom, two classrooms, office, storage, corridor, stormshelter and boiler room.

Topeka High

1980 - 7,350 square feet - cost \$364,117.60

New building addition to Topeka High School Automotive Center at 9th and Western. 2

Topeka West

1963 - 14,688 square feet - cost \$239,771.84

Addition of "little school building" eight classrooms one large class area one office complex, restrooms and locker area. 9

1964 - 2,800 square feet - cost \$83,480.45

Addition to cafeteria dining area and kitchen.

1965 - 9,605 square feet - cost \$131,719.31

Four science classrooms with office, project area, storage, growing room, teachers area and restrooms. 4

1968 - 2,600 square feet - cost \$15,653.35

Lower level addition of classroom, stormshelter and upper level addition to library. 2

1971 - 22,750 square feet - cost \$752,306.67

Addition of eight classrooms one large classroom, typing lab, restrooms, office and work room, corridor entries, called "little school #4". 15,000 sq. ft. Two classrooms added to east end of "A". 2,450 sq. ft. Addition to gym containing boys and girls locker rooms, showers, restrooms, offices, storage areas, auxiliary gym, laundry, exercise area and on the lower level an art area.

1980 - 11,970 square feet - cost \$817,031.00

Addition to music department south side "A" Building with large instrument room, uniform storage, office, practice modules, string instrument storage, and one classroom.

Addition for industrial arts east end south "A" wing four industrial arts classrooms, office storage area and power mechanic classroom.

Boswell

1957 - 21,500 square feet - cost \$439,899.58

One story addition with gym and shower locker room complex, music room, industrial arts complex, home ec. complex, mechanical drawing, art, restrooms, workroom, clinic, and administrative center. 7

Capper (Topeka Ed. Center) (Seabrook Jr. High)

1955 - 30,000 square feet - cost \$ 1,053,297.02

Large two story addition boiler room, office complex, restrooms, stage and auditorium, music room, kitchen, dining area, twelve classrooms, library and art room.

1963 - 4,645 square feet - cost \$90,015.33

Addition of boys shower and locker room area, metal shop and wood shop complex.

Curtis

1964 - 2,067 square feet - cost \$51,999.46

Addition of mechanical drawing room and additions to boys and girls shower, locker complex.

Highland Park Jr. High

1959 - 11,000 square feet - cost Before annexation

Three story addition to north side of existing building containing industrial arts complex at basement level, eight classrooms and restrooms on levels ground and first floor.

NOTE: A 23' x 27' boiler room with connecting passageway was added to the building complex by school district personnel. The exact date and cost are not known believed to be in conjunction with major changes at the elementary school which closed the old central heating plant.

Holliday

1964 - 2,067 square feet - cost \$50,453.81

Addition of mechanical drawing room and addition to boys and girls shower - locker complex.

Landon Jr. High

1976 - 6,320 square feet - cost \$231,135.00

One story addition on the northeast corner containing three small offices, media center, media workroom, science classroom, one boys restroom, one girls restroom and storage area.

Roosevelt

1957 - 4,860 square feet - cost \$ 263,830.09

Two classrooms, large music room, two restrooms and teachers area.

Avondale East

1956 - 4,930 square feet - cost Prior to annexation

A four classroom addition south center part of building.

NOTE: It is evident there were other additions to this building to the south and west which were done prior to annexation. No records available.

Avondale West

1955 - 7,863 square feet - cost prior to annexation

Two story four classroom addition plus restrooms one story kindergarten.

1956 - 1,600 square feet prior to annexation

One story two classroom addition.

Avondale Southwest (Shaner)

1957 - 4,000 square feet - cost prior to annexation

An Addition of four classrooms to the east end of the building while the building was still under construction.

1958 - 10,200 square feet - cost prior to annexation

A one story addition to the north containing nine classrooms, two restrooms and vestibule.

Belvoir

1956 - 19,795 square feet - cost prior to annexation

Addition mostly remodeling but with addition of one classroom two locker rooms, lounge and girls restroom.

1959 - 4,840 square feet - cost prior to annexation

One story addition three classrooms, one kindergarten room, boys and girls restrooms.

1967 - 17,281 square feet - \$299,940.90

This addition replaced the old main building and is not classed as an addition but is the new school building.

1977 - 2,400 square feet - cost \$203,208.00

Addition consist of a media center complex and vestibule at south west corner.

NOTE: Project included considerable remodeling. 22

Bishop

1969 - 9,345 Square feet - cost - \$200,433.47

One story addition to the west consisted of restrooms, teachers lounge, kitchenette, storage area, special activities room, large open classroom area.

Central Park

1967 - Original building destroyed by tornado replaced with new building. \$191,529.51

1980 - 41,602 square feet - cost \$2,221,555 (includes remodeling)

Large addition added and complex changed to Robinson Middle School in combination with Phys. Ed. facilities incorporated into Central Park Community Center. 2

Highland Park Central

1965 - 28,900 square feet (new building) cost \$426,920.74

This addition was built to replace the original three building complex. One small building was retained as an annex. The other two old buildings were demolished. The new building contains boiler room, sixteen classrooms, multipurpose room, library, office complex, kitchen, teachers lounge, clinic and several storage areas.

Highland Park North

? 1958 - 4,202 - cost prior to annexation

Four classrooms additions

1977 - 4,978 square feet - cost \$222,030.00

Addition consisting of multi purpose room, storm shelter, storage and food service. Project entailed considerable remodeling.

Highland Park South

? 1958 - 4,020 square feet - cost prior to annexation

Four classroom addition

1967 - 15,600 square feet - cost \$177,190.76

Large shelter play area plus six classrooms, two restrooms, teachers area and storage.

1977 - 1,368 square feet - cost \$143,417.00

Addition to the media center project includes considerable remodeling. 2

Lafayette

1962 - 7,000 square feet - cost \$148,434.07

Consisting of six classrooms, corridors and storage areas.

Lundgren (Oakland)

1963 - 4,765 square feet - cost \$80,659.47

One story 4 classroom addition.

McCarter

1977 - 6,200 square feet - cost \$182,085.00

One story addition of media center complex with storm shelter below. ??
Project includes some remodeling.

McClure

1964 - 4,070 square feet - cost \$23,563.03

One story 4 classroom addition

1978 - 4,960 square feet - cost \$214,800.00

Addition of media center complex, restrooms, small instructional areas, storage and mechanical room. Project includes some remodeling. ??

Parkdale

1962 - 12,500 square feet - cost \$144,025.03

An annex addition of eight classrooms and two kindergartens. ✓

Quincy

1976 - 8,500 square feet - cost \$331,969.00

One story addition contains three regular classrooms, two special ed. classrooms, five small instructional spaces, media center complex, restrooms and storage. ??

Randolph

1970 - 7,130 square feet - cost \$139,628.00

Consist of multi purpose room, restroom, kitchen, lobby, storage, mechanical and storm shelter.

Rice

1952 - 8,200 square feet - cost prior to annexation

Two classrooms and gym

1955 - 3,440 square feet - cost prior to annexation

Three classrooms

1958 - 1,288 square feet - cost prior to annexation

One classroom

1966 - 6,824 square feet - cost \$164,197.03

Four classrooms, administrative complex added to north and remodeling.

NOTE: No costs are available for additions prior to annexation for the following schools: Highland Park High School, Avondale East, Avondale West, Avondale Southwest, Belvoir, Highland Park North, Highland Park South, and Rice.

Additional CONST. POST 1953

1. THE U.S.D. 501 CAUSED 18 BUILDING ADDITIONS TO BE MADE TO 14 SCHOOLS OF THE TOPEKA SCHOOL SYSTEM BETWEEN 1960 AND 1969.

A. AT THE SENIOR HIGH LEVEL U.S.D. 501 PLACES FOUR ADDITIONS AT THE TOPEKA WEST SCHOOL IN 1963, 1964, 1965 & 1968 RESPECTIVELY AND OVER THAT PERIOD THE TOPEKA WEST S.H.S. WENT FROM 0.4 TO 0.6% IN ITS STUDENT RACIAL COMPOSITION WHICH THE SYSTEM WENT FROM 14.9 TO 15.1% MINORITY.

DURING THIS PERIOD THE U.S.D. 501 BUILT TWO BUILDING ADDITIONS TO THE HIGHLAND PARK SENIOR HIGH SCHOOL, 1965 & 1969.

AS OF 1969 THE HIGHLAND PARK S.H.S., AT 15.7% MINORITY, HAD 40 TIMES AS MANY BLACK STUDENTS AS THE TOPEKA WEST S.H.S.

B. THE U.S.D. 501 BUILT AND OPENED ONE ADDITION E.O. AT CURTIS AND HOLIDAY JUNIOR HIGH SCHOOLS. THERE IS NO RACIAL DATA AVAILABLE FOR THE SCHOOLS IN 1964 BUT TWO YEARS LATER IN 1966 THE CURTIS J.H. SCHOOL HAD 9 TIMES AS MANY BLACK STUDENTS AS THE HOLIDAY J.H.S. AND WAS EQUALLY IDENTIFIABLE AS BLACK IN 1967.

C. THE U.S.D. 501 CAUSED 10 BUILDING ADDITIONS TO BE BUILT AT AS MANY ELEMENTARY SCHOOLS. FROM 1962 TO 1969.

OF THOSE TEN, THREE OF THE ADDITIONS WERE TO SCHOOLS THAT HAD WITH PROPORTIONS OF BLACK STUDENTS HISTORICALLY, AND WERE IN FACT EARLY IDENTIFIABLE AS BLACK SCHOOLS IN 1966. I.E. PARKDALE 93.12% B, BELLOIR 59.7% B, & LAFAYETTE 54.5% BLACK.

AND FIVE ADDITIONS WERE ADDED TO SCHOOLS WHICH HAD A HISTORY OF BEING ALL OR NEARLY ALL WHITE IN THEIR STUDENT COMPOSITIONS, RICE 3.0% BLACK, LUNDGREN 3.3% BLACK, BRISBOP 2.7% B, HIGHLAND PK SEN 2.5% B AND MCCURE 0.5% BLACK IN 1966.

Original Const post 1953

1. THE U.S.D. 501 BUILT OR CAUSED TO BE BUILT EIGHT ELEMENTARY SCHOOLS FROM 1954 TO 1959.

FIVE OF THOSE ELEM. SCHOOLS OPENED ^{WITH} ALL OR NEARLY ALL WHITE STUDENTS I.E. CRISTVIEW, McCARTER, McFARLION, SUREDON, STOUT.

THREE OF THOSE ELEM. SCHOOLS WERE OPENED TO CONTAIN THE EXPANSION OF TRADITIONAL BLACK NEIGHBORHOODS I.E. LOWMAN HILL, LAFAYETTE, & QUINN HILLS.

2. THE U.S.D. 501 BUILT ONE SENIOR HIGH SCHOOL, THREE JUNIOR HIGH SCHOOLS, AND SIX ELEM. SCHOOLS BETWEEN 1960 AND 1969.

THE SENIOR HIGH SCHOOL, "TOPKA WEST", AND THE LONDON, JORDINE & EISENHOWER JUNIOR HIGH SCHOOLS WERE OPENED WITH ALL WHITE OR NEARLY ALL WHITE STUDENT BODIES IN 1961, 1961, 1963, & 1961 RESPECTIVELY.

FIVE OF THE ELEM. SCHOOLS OPENED PREDOMINANTLY WHITE IN THEIR STUDENT COMPOSITIONS, AND THEY WERE THE POLK, AND MCCLURE IN 1962, THE HODSON IN 1963, THE LINN IN 1964, & THE BISBON 1965.

THE BELVOIR ELEM. SCHOOL, THE SIXTY ELEM. SCHOOL CONSTRUCTED IN THE 1960'S, OPENED AT 54.8% BLACK AT A TIME WHEN THE SYSTEM WAS 16.5% MINORITY.

3. THE U.S.D. 501 OPENED THE FRENCH JUNIOR HIGH SCHOOL IN 1970 WITH A STUDENT RACIAL COMPOSITION OF 0.9% MINORITY AT A TIME WHEN THE SYSTEM WAS 17.7% MINORITY AT THE JUNIOR HIGH LEVEL AND THERE WERE FIVE JUNIOR HIGH SCHOOLS ABOVE THE SYSTEM WIDE JUNIOR HIGH SCHOOL AVERAGE AND THREE OF THOSE, EAST TOPKA, CRANE & CURTIS JUNIOR HIGH SCHOOLS WERE INHERENT RACIALLY IDENTIFIABLE AS BLACK.

4. IN 1980 THE U.S.D. 501 OPENED THE ROBINSON & CHASE MIDDLE SCHOOLS WITH RACIAL COMPOSITIONS OF 32.87 AND 38.48 % MINORITY, RESPECTIVELY, AT A TIME WHEN THE SYSTEM ITSELF WAS ONLY 25.6% MINORITY AT THE MIDDLE SCHOOL LEVEL, AND WHEN THERE EXISTED THREE JUNIOR HIGHS THE FRENCH, LONDON & JORDINE WHICH WERE MUCH LOWER THAN THAT AVERAGE AND TWO OF THOSE WERE INHERENT RACIALLY IDENTIFIABLE AS WHITE SCHOOLS.

PORTABLE CLASSROOM PLACEMENT by Year.

TENTATIVE PLAN FOR A MORE PERFECT UNITARY SCHOOL SYSTEM
FOR TOPEKA UNIFIED SCHOOL DISTRICT NO. 501
FOR IMPLEMENTATION AT THE BEGINNING OF THE 1974-1975 SCHOOL YEAR

This preliminary proposal is in accordance with the Resolution adopted by the Board of Education on February 8, 1974. In the Resolution, the Board outlined the steps which would be taken in the development of a proposal. These steps were:

1. Completing a block-by-block analysis of the enrollment of all students in the school district, by race;
2. Developing a plan which would work toward achieving a more perfect unitary school system in the school district by use of one or more of the following possible means:
 - a. Reassignment of students to schools
 - b. Redefining school attendance areas
 - c. Closing of certain schools and reassigning of students to other schools
 - d. Additions to, or enlargement or remodeling of some school buildings or facilities including new construction or use of mobile classrooms
 - e. Construction of new schools and facilities.

In addition, the administrative staff devised criteria to guide the development of the preliminary proposal. The criteria, in order of priority, are as follows:

1. Maintain and improve educational opportunities for students
2. Eliminate racial isolation and maintain racial balance with the HEW guidelines.
3. Maintain the neighborhood concept of schools as much as possible
4. Utilize efficiently the available facilities.

TENTATIVE PLAN
Presented by the Administrative Staff
at the April 30, 1974 Special Meeting
of the Board of Education
of Unified School District No. 501

1. Close five elementary schools (Belvoir, Clay, Monroe, Parkdale, and Rice) and reassign students--see Attachment No. 1.
2. Close two junior high schools (Crane and Highland Park) and reassign students--see Attachment No. 2.
3. Eliminate all optional attendance areas--see Attachments Nos. 1 and 2.
4. Redefine attendance area boundaries--see Attachments Nos. 3 and 4 (maps).
5. Summarize effect of minority composition and proposed enrollment in all schools--see Attachment No. 5.
6. Adopt policy to ensure that no school will be allowed to become racially isolated in excess of 50% minority composition.
7. Inform all parents by letter of the proposed plan--see Attachment No. 6.
8. Work with parent groups in the affected areas as well as other community groups, if an extension of time to June 1, 1974 is granted.
9. Assign special programs such as Head Start, Follow Through, Special Education, and other alternative programs in such a way as to not create racially isolated school centers.
10. Renovation of facilities at certain junior high schools--see Attachment No. 7.
11. Plan to be implemented, if approved by HEW and the Board of Education of Unified School District No. 501, at the beginning of the 1974-75 school year.

NOTE: Excerpts of minutes of the Special Meeting of the Board of Education for Unified School District No. 501 held on April 30, 1974 relative to the tentative plan and request for extension of time are herein included as Attachment No. 8.

00013

ATTACHMENT NO. 1

Monroe School, with 160 students residing in its present attendance area, is scheduled to be closed since HEW views this school to be the last "vestige" of the old dual school system that existed prior to the 1954 Brown vs Topeka Board of Education decision. The 44 students north of 14th Street and west of the Santa Fe tracks will go to Polk. The area south of the Shunganunga Creek which presently has no students would be transferred to Quinton Heights, and the balance of 116 students would be transferred to Central Park.

Clay School was constructed 48 years ago and has only 141 students residing within its present boundaries. It is proposed that this school be closed or converted to an alternative use, with 51 students assigned to Sumner, 33 to Polk, 40 to Lowman Hill, and 17 to Potwin.

The proposed closing of Rice School would cause 212 students living south of the Shunganunga Creek channel to be assigned to Lafayette, and the two students living north of this channel would be transferred to State Street. The small percentage of minority within the Rice student body will help to substantially reduce the concentration of minorities in Lafayette.

It is proposed that State Street School would receive a total of 86 students from the former Lafayette area north of the Shunganunga Creek (with the exception of the Ripley Plaza and Park area), two from the former Rice area, and 23 from Lundgren School to help balance its minority percentage and enrollment to 38.68% and 530 respectively. The common boundary line between State Street and Lundgren would be stabilized on Sardou Street from River Road to the Billard Airport.

Plans are for Highland Park North to become a primary school for kindergarten through second or third grade and for Highland Park Central to serve as an intermediate school for the remaining upper grades through sixth. It is anticipated that Highland Park North would serve 450 students and Highland Park Central's enrollment might be 355, by including students from the remaining portion of their own attendance area combined with the additional students from the southern part of Parkdale and the northern section of Highland Park South. Quinton Heights would receive 18 students from the former Highland Park North attendance area.

Hudson School, constructed in 1963, potentially could enroll 313 students from its attendance area with 31.63% minority. With the shift of 198 students from Belvoir due to its proposed closing, it would seem necessary to reassign 138 students from the heavy concentration of minority located on the Deer Creek Village and the area south of East 25th Street to Highland Park South. In order to bring the minority to within acceptable limits, 77 students would be supplied from eastern portions of the Highland Park Central area and 23 students reassigned from the Highland Park North attendance areas.

Highland Park South would expect an increase of 138 students from the former Hudson area, but must release 74 students living between 29th and 31st Streets in the north part of their attendance area to help reduce the minority makeup of the Highland Park Primary and Intermediate School combination.

Avondale East would accept 51 students from the western portion of the Highland Park Central area which contains an above-average percentage of minority students, effectively increasing their student body to a total of 469 students and a minority percentage of 29.21.

The older section of Parkdale School was constructed in 1924, and an eight-room addition was completed in 1962. By closing this attendance center with the district's highest minority percentage of 91.81%, 12 students living on the west side of the Shunganunga Channel would go to Polk, 83 to Lafayette, and 125 would attend the Highland Park North Primary and Highland Park Central Intermediate under a paired-school concept.

Belvoir School is slated for closing due to racial isolation found in the present Belvoir School attendance area. The section north of East 10th Street containing 76 students would be transferred to Lafayette, and the 198 students living in the HUD project housing--Pine Ridge and Trailridge Apartments would be assigned to Hudson School.

Since Lowman Hill has a minority percentage of 49.08%, it seems necessary to expand its attendance area boundaries to include additional non-minority students to effectively reduce its minority percentage to an acceptable 32.97% and an enrollment of 452. Forty students should be received from Clay due to its closing, 22 from the Gage-Randolph optional area which would be eliminated, 33 from the Lowman Hill-Gage-Clay optional area, 50 from Randolph, 19 from Central Park, 18 from Gage, and three students to be reassigned to Polk.

Grant and Quincy Schools would be affected by a redrawing of their common boundaries to be along North Central Avenue, instead of the present configuration.

Grant School would gain 38 students from Quincy, and experience a slight reduction in minority to age.

Central Park was constructed in 1969, and replaced an older structure that was destroyed by the 1966 tornado. This fully air-conditioned building with its excellent facilities is projected to house 433 students for the 1974-75 school **69011**

year. The planned addition of 116 students from Monroe, 60 from Polk, 37 from Randolph, 7 from Quinton Heights, and the proposed transfer of 19 students to Lowman Hill and 34 to Stout, would result in a 37.41% minority composition.

Randolph would transfer 15 students to Sheldon from an area west of Washburn Park near 10th and Oakley. Sixteen students would be reassigned to Stout, 50 assigned to Lowman Hill, 37 to Central Park, and one would be received from Whitson by squaring the boundary at 17th and Oakley. Randolph would receive 29 students from the former optional area which was shared with Gage.

The former Gage-Sheldon optional area between Gage Boulevard and Fairlawn Road between 10th Street and the Kansas River was partitioned along 6th Street resulting in 39 students being assigned to Sheldon and 70 being assigned to Gage.

The Lowman Hill-Gage-Clay optional area would be redistributed with 33 students being assigned to Lowman Hill and 18 assigned to Potwin.

The Crestview-McClure optional area would be assigned to Crestview--a transfer of 69 students.

The Stout-Whitson optional area bordering on West 21st Street would be assigned to Stout--a transfer of eight students.

Sheldon School attendance area would be increased by the addition of 12 students from the former Whitson area, 15 from Gage area, and 39 from the distribution of the former Gage-Sheldon option.

Stout School would receive 34 students from the former Central Park area between 19th and 21st Streets from Washburn Avenue to Clay Street. Sixteen students would be reassigned from Randolph, and 8 students would attend from the former Whitson-Stout optional area which would be eliminated.

ATTACHMENT NO. 2

Crane Junior High is scheduled for closing due to its declining small enrollment and its 51.86% minority composition. The proposal indicates that 16 students would be transferred to East Topeka, 12 to Roosevelt, and 267 to Boswell.

Highland Park Junior High was built in 1935, and had an addition constructed in 1959. It is planned that all of the present student body numbering 396 students would be transferred to the newly defined East Topeka Junior High campus to substantially reduce the racial isolation found in the present East Topeka area. A small area southwest of 23rd and Adams would be assigned to Eisenhower Junior High. The proposed new enrollment of 770 at the East Topeka campus would result in a minority composition reduction from 61.10% to 42.21%.

Holliday Junior High has a present enrollment of 360 students with a minority composition of 18.89%. It is suggested that 58 East Topeka students who live north of the Shunganunga Creek channel should be assigned to Holliday to relieve the racial isolation of the East Topeka attendance area, resulting in a 27.75% minority enrollment ratio.

The west boundaries of Boswell and Roosevelt would be stabilized at Oakley Avenue, resulting in the transfer of 23 and 13 students from the respective areas being made to Landon Junior High. This transfer would enable Boswell and Roosevelt to better accommodate of the redistribution of the present Crane students. Boswell would tentatively receive 267 Crane students, while transferring 117 Boswell students to Roosevelt. Roosevelt would be receiving 12 Crane students. In summary, Boswell and Roosevelt would have enrollments of 634 and 519 with corresponding new minority compositions of 25.27% and 19.07%.

00008

Jardine Junior High would receive one student due to the elimination of the Highland Park-Eisenhower optional area while Eisenhower would receive 10 students from that area. Capper Junior High would be receiving 41 students from the former French-Capper optional area near Fairlawn Road between 21st Street and the Shunganunga Creek.

Unified School District No. 501 — Shawnee County, State of Kansas

Office of Superintendent

• 415 WEST EIGHTH STREET • PHONE 357-0351
• TOPEKA, KANSAS 66603

April 30, 1974

Dear Parent:

On Tuesday, April 30, 1974, the Board of Education for Unified School District No. 501 accepted for study a preliminary proposal which appears to meet the Department of Health, Education, and Welfare (HEW) guidelines concerning student racial compositions. You may recall that on January 11, 1974, the Board for Unified School District No. 501 received notification from the Civil Rights Section of HEW as to findings that certain schools in the district were not in compliance with the Civil Rights Act of 1964.

The preliminary proposal presented to the Board would close five elementary schools--Belvoir, Clay, Monroe, Parkdale, and Rice; as well as two junior high schools--Crane and Highland Park.

In addition, other school attendance areas would be adjusted in ways which appear to meet HEW guidelines. In total, 22 school attendance areas may be affected. If you have an elementary or junior high school child, there will be a map attached to this letter defining those attendance areas. High school attendance boundaries are unaffected except for optional areas. The preliminary plan proposes the elimination of all optional attendance areas at the elementary, junior, and senior high school levels. Attendance area maps of the entire district will be available in each school.

The schools specifically mentioned in the January HEW report as not being in compliance were Monroe, Parkdale, Lafayette, Belvoir, and Lowman Hill. In addition, HEW questioned the adequacy of facilities at certain junior highs with higher minority enrollments. The Board was requested to submit an enumeration of steps which would lead to a proposal designed to meet HEW guidelines. The preliminary proposal, if adopted by the Board and approved by HEW, would be implemented by the beginning of the 1974-75 school year.

In a resolution dated February 8, 1974, the Board of Education outlined the steps which would be taken in the development of a proposal. These steps were:

1. Completing a block-by-block analysis of the enrollment of all students in the school district, by race;
2. Developing a plan which would work toward achieving a more perfect unitary school system in the school district by use of one or more of the following possible means:
 - a. Reassignment of students to schools
 - b. Redefining school attendance areas
 - c. Closing of certain schools and reassigning of students to other schools

6002

- d. Additions to, or enlargement or remodeling of some school buildings or facilities including new construction or use of mobile classrooms
- e. Construction of new schools and facilities.

Unified School District No. 501 staff as well as the president of the Board of Education, Dr. Mark L. Morris, Jr., have been in periodic contact with the regional HEW office in Kansas City, Missouri, for the purpose of exchanging suggestions and ideas concerning those actions necessary to bring the district into compliance.

During this time, the administrative staff devised criteria to guide the development of the preliminary proposal. The criteria, in order of priority, are as follows:

1. Maintain and improve educational opportunities for students
2. Eliminate racial isolation and maintain racial balance within the HEW guidelines
3. Maintain the neighborhood concept of schools as much as possible
4. Utilize efficiently the available facilities.

The preliminary draft will provide for long-term compliance insofar as now foreseeable and for revisions from time to time in order to assure that compliance will be maintained, providing, however, that such revisions will not substantially hinder the educational process or impair the health and safety of the students involved.

The effects of the preliminary proposal upon building use of schools closed as primary attendance centers will be determined in consultation with the communities involved. Alternative educational needs of the district will also be taken into consideration. The staff plans to explore the transportation needs of the areas affected.

The teaching and administrative staff will be assigned according to the educational needs of the total district. It is expected that those who are currently under contract for 1974-75 will not be affected.

In order to further explain the details of this proposal, meetings will be scheduled in those communities involved. The staff and a Board of Education member will be present to give explanations, answer questions, and receive patron input. Your attendance would be appreciated. You will be notified of the meeting in your area by your building principal.

Sincerely,

Harry W. Craig, Jr.
Vice-president, Board of Education
Unified School District No. 501

MEMORANDUM

TO: Dr. Merle R. Bolton
Superintendent of Schools

FROM: Roy W. Browning, Jr. *RWB*
Deputy Superintendent of Instruction

Ted Clark, Director *TC*
Operation and Maintenance

SUBJECT: Renovation of Facilities at Certain Junior High Schools

In response to the HEW citing of the inadequacy of facilities at four junior high schools (Crane, Curtis, East Topeka and Highland Park), the following action has been taken in recent years, and continuing plans are underway for improving facilities in the foreseeable future.

The preliminary proposal by the Board of Education to HEW on May 1, 1974 recommends the closing of Crane and Highland Park Junior High Schools. Therefore, the issue of facility conditions for these two schools becomes moot.

CURTIS JUNIOR HIGH SCHOOL

1. In 1973, the music facilities were moved from the second floor to the ground floor with accompanying improvements including special storage facilities for musical instruments and equipment, increased instructional space per pupil, new tile floor, and redecoration of the area.
2. In 1973, the art room was moved from the ground floor to the first floor. This change in location provided better lighting for art instruction.
3. In 1973, the ventilation system in the gymnasium and locker rooms was renovated.
4. In 1973, a major roof replacement was accomplished.
5. Over the past several years, other areas have been renovated and remodelled including: the teachers' lounge and work room, the guidance office area including an area for the school nurse, a specially equipped special education room, new drapes and stage curtains for the auditorium.

60036

CURTIS JUNIOR HIGH SCHOOL (continued)

6. Planning is underway and will be accomplished as capital funds become available for the following:
 - a. Renovation and modernization of the home economics and art areas, as well as renovation of the administration and guidance areas
 - b. Tuck pointing and moisture proofing the building

EAST TOPEKA JUNIOR HIGH SCHOOL

1. In 1974, bids are now being let for tuck pointing, moisture proofing, and cleaning the exterior of the building.
2. In 1974, specifications are now being compiled for replacement of boiler, burner, and appurtenances for the central heating plant. New stage curtains have been ordered, and new curtains for the administration/guidance suite have been ordered.
3. In 1973, the entire interior and exterior of the building was painted.
4. In 1973, a connecting door between two science rooms was installed to permit easier access between the instructional areas.
5. In 1973, the learning resources room was redecorated and carpeted through the generosity of an interested citizen and staff.
6. In 1973, building alterations were completed in order to install a new washer and dryer for use in home economics instruction.
7. In 1971, a complete electrical rewiring, relighting and sound system installation was completed.
8. Over the past several years, the library was remodelled, carpeted, redecorated and some furnishings were modernized. A glassed-in workroom/office area was added.
9. The office area has undergone several remodellings to facilitate an administrative/guidance suite in order to provide more adequate services to the students and staff.
10. A few years ago the teachers lounge area was remodelled, and this past year a refrigerator was installed for the convenience and use of the teaching staff.

00005

EAST TOPEKA JUNIOR HIGH SCHOOL (continued)

11. Planning is underway and will be accomplished as capital funds become available for the following:
 - a. Renovation of the physical education areas including dressing rooms
 - b. Renovation of the plumbing system of the entire building including improved water facilities in the science, art, and industrial arts rooms
 - c. Installation of a special ventilation fan in the industrial arts finishing room
 - d. Installation of a sawdust collecting system in the wood-working area
 - e. Installation of a dark room in the science area
 - f. Possible removal of certain permanent walls and the installation of moveable partitions in order to facilitate large group/small group instructional areas
 - g. Installation of new work benches in the industrial arts area

Excerpt of minutes of Board of Education of USD No. 501 Special Meeting held April 30, 1974:

THE BOARD OF EDUCATION OF UNIFIED SCHOOL DISTRICT NO. 501 met in Special Session on Tuesday, April 30, 1974 at 9:00 a.m. in the Administration Building with the following present:

Board Members:	Mr. Harry W. Craig, Jr., Vice-President
	Mr. T. C. Anderson
	Mr. Fred W. Rausch, Jr.
	Mr. Robert R. Schendel
	Mr. Wayne T. Stratton
	Dr. Gordon A. Summers

Officers of the Board:	Mr. W. W. Warner, Clerk
	Mr. John H. Kelly, Treasurer

.....

CONSIDERATION OF REQUEST FOR EXTENSION OF TIME FROM MAY

After the foregoing presentation of a tentative Plan for Expanding Educational Opportunity for Unified School District No. 501, as developed by the administrative staff, Mr. Anderson moved that before considering any formal action in respect thereto, the tentative Plan be taken under advisement by the Board and be presented to the community at various meetings of parents and other interested parties and organizations and also through the news media, in order that the community be informed about the tentative Plan; that by reason thereof, an extension of time from May 1, 1974, be requested of H.E.W.; and that the Board authorize and direct Dr. Bolton, Superintendent of Schools, on behalf of the Board, to submit to Mr. Taylor D. August, Director, Office for Civil Rights, Department of Health, Education and Welfare, Region VII, a written request for an additional extension of time from May 1, 1974, to June 1, 1974, in order to enable the Board to present the tentative Plan to the community as outlined above. The motion was seconded by Dr. Summers.

After discussion thereof, the motion was put to a vote; the following members voted "Aye": Mr. Craig, Mr. Anderson, Mr. Rausch, Mr. Schendel, Mr. Stratton and Dr. Summers; and the following members voted "Nay": None.

Thereupon the motion was declared carried by the Vice-President of the Board.

CERTIFICATE

This is to certify that the above was duly adopted by the Board of Education of Unified School District No. 501, Shawnee County, State of Kansas, on the 30th day of April, 1974.

Clerk of the above Board of Education
