

Greetings good bro Sute,

Always a pleasure to receive your scribe - was just thinking
bout sitting down next week and sending some scribes to the bros and
sister over your way, for exactly the reasons you stated. Not lazy
or anything like that, just been putting a lot of time and energy in
the situation on this end - like trying to build and hold together
a viable revolutionary organization, plus trying to raise the political
level of the prison in general thru the Black Studies program and
various other means like revolutionary movies - ~~Sue~~ Sue Roberson &
Third World Newsworld has been very good about coming down
on Sunday nites and showing films.

All the good bros are as expected and strong seeing as they
are over at the Vroom building Readjustment Unit (read "O' Wing Salsad")
been in constant contact with them when the screws aren't holding
up our mail. Their names

Roy Abd-Al Khalig

S/N Robert Vickers # 53829

Kuwari Balagoon

S/N Donald Weems # 51271

Nine

S/N Richard Harris # 48538

all above address is R. U. Vroom Station A

(OVER)

Got a few scribes from the Connecticut bros - heard they put up a beautiful defense along the lines of "we should rip off the capitalist" and also read their opening statement. The swenis had a pretty effective mail blockade on Ashanti (Alston) cause around the time they got busted. I wrote him two letters and he wrote me a couple - neither of us got them. I could get thru to the other two bros and eventually all three of us were able to communicate - in fact I just shot up a scribe to them yesterday, hoping it got there before sentencing.

Finally I got a letter from the good sista, seems o.k. and Jones Kakuya and getting ready to do battle. Oh yes, all the bros Vic/Kuwari/Nine have been to court at least once on their respective escape charges and will probably be going again in the near future.

Yeah, that brother that split after spreading his lies sure was not cool, no harm done but I sure hope the next time a check is run the responses be swifter :).

Well, you stay strong and also keep in touch, I'll do the same and a little more frequent.

Straight Ahead!

P.S. - Give all over there my love and coming their way next week.
