As Salaamu Lalaykum Malika

May these lines find you & the children under the protection of Allah Subhana wa Ta'ala and holding fast to the faith. They give me the approval slip so now we can correspond & I can call Darshallah.

The visit was nice, I enjoyed it very much. Jamal is a beautiful brother, he gets along with people so easy, sorry I didn't rap with him more & he has really grown. The years have made you more beautiful & I see you've done a good job with the children, I look forward to meeting little Malika, she sounds so interesting - I like my mommy is a freedom fighter but she can't fight. And what of Sule, he still wild, he's the fighter, he was so small last I saw him, just like Jamal was a little fat dude when I left for California. It'll be nine years next month we met on 110 St. Time has brought much change since that night; Zayd dead, Takara out in Indiana with Bashier-Wanda & Eddie, J.B., you & me. Speaking of me I still believe & have love for our people, we've seen many tears back on become disillusion but I've seen what our enemies have done to us on so many levels. The Quran say's Allah loves the steadfast & patient.

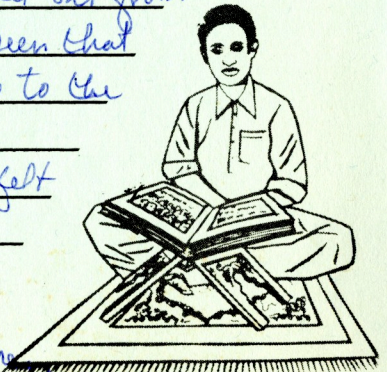

So you were to start trial on the 18th, what happen, Bloom was to come back on the 16th, at the moment all I can do is pray for your success. Time has mellowed my outlook - by that I mean I view things more realistic and I allow for that now. Let me know what's happening.

Sorry to hear things aren't well with the Abu Bakr's - what's the story on their Ummat-Community. Rene (Haditha) must be 17 by now & Aweel was always into things. You know all things considered we ain't in to bad a shape compared to other people, I once told you the only security the children needed was in you & it looks as if they are, not many can make that claim.

I get my next call on Monday the 31st, which is two days after Sule's birthday - wish him many more for me Darshallah. Will call around 6 o'clock, we get 8 min. Don't forget to send those flicks of the children. Find out from Nijika why May Jackson say's I have her on my hit list - I ain't seen that woman since '73 on a visit & in court in '75 when she brought a class to the trial, see madness just stays with me.

It was good seeing you, talking & being near you & it felt right, take care.

Love

I am enclosing a free bus form - you can put one of the children for the second seat. It's best to call after you send in the forms just interested, plus you can still come up on the other bus also Darshallah. ^{Nikh} just to let them know you're
