My dear Mr. Otis:

I am sending you two copies of the objectives of  
of the study of Occupations, which I said I would get  
into your hands this morning.

Very truly yours,

Mr. Otis:

I am sending you herewith the Schedule of Agricultural Objectives as they were outlined last Saturday, July 13th. As you recall Mr. Davis acted as secretary and took down your suggestions and Mr. Grants.

Very truly yours,

Mr. Otis:

I have gone over my budget allocation from the General Education Board and I find I can spare for the Agricultural worker for the study of Occupations in the Southern areas

1. Travel Expenses.
2. A salary of \$25.00 per month.

If you recall you said that if I could furnish this much you would probably be able from the Agriculture Department's budget to spare the remaining amount necessary to put an Agricultural investigator in the field.

Yours truly,
