

Comrade Nick,

NOV 11,
YEAR OF THE DRAGON!

greeting my brother - just got your scribe and
was glad to hear from you. It pleases me to hear
that progress is being made on different fronts. Shortness -
ness - food shortages and the ~~scarcity~~ severity with which
these things effects surely will intensify the struggle. The
contradictions indicate victory is in the making. Your letter
indicates that the seed is growing - the idea of the
book is fast becoming a reality. You know I just
got word of the solidarity day on the 8th. I suspect
that I might have been told before - but forgot. I was
supposed to write out a statement. But being that
you wrote something I know everything is going to
be alright. May - give Victor C. and the other brothers
my revolutionary love. I've heard of ~~the~~ Robert Vickers,
as a part of my efforts to keep up with sub-NUTT brothers
and comrades - I'll get off a scribe 21st July.
Tell Herman that I'm glad he told me the trip wasn't
shit - I was about to piss up to something and take the
rid - but fuck it now. I think the 8 points of Adenau
is fine - and should be included in the book. I also
feel that it can be elaborated on - include subtitles
under the points or if necessary more points - all for
the purpose of minimizing the possibility of comrades
conducting themselves in a way that would be detrimental
to the struggle. I was thinking also we could include
a section on "Negative Niggerism" designed to purge
people's minds of whatever thoughts that conflict with
them getting down. We could write this up in such

A way that the only conclusion that a person can draw is that there's a coward or ~~that~~ there's not working hard enough - in either case they would be included being negatively stigmatized. We're work on their minds. And don't - for instance we could confess and profess that to get in a revolutionary manner is to demonstrate love for your brother and your sister - and by ignoring the struggle and being ^{A PASSIVE} ~~active~~ witnesses to the ~~struggle~~ suffering of the people is to act in a cold blooded manner - and that "and" is because I was going to include something else - but that's alright. or yea whatever is included we got to put a lot of emphasis on the individual - whatever it be starting a program - or a squad - or whatever - we want to give the individual the go ahead. we want to let them know that if they possess love for the people - a desire for change (i.e. making the last first) and a willingness to work unselfishly to accomplish these changes then go ahead. plus - I sure the book will include a how to - section. and also make it known that if the struggle lacks certain qualities it's also due partly to their fault - their lack of effort. we going to wage struggle on what you said. I going to have to cut it short for now - Mike got a envelope - I don't. I'll be scribbling more right Friday.

Fierce struggle
