As Salaam Alaikum Malika,

I trust to Allah Subhana Wataala this letter finds you doing well. I just took a chance tonight when I called, since I had been having very little success in the past of catching up with you at home.

First of all in thinking back, I realize that I had called you on your birthday, but you were gone. However, I did wish you a happy birthday via Ms. Moch.

Now as regards you not sending me a card, I hope it wasn't predicated on my not sending you one? If so, I feel that that is poor adab. Now I could go for that if you called me... but that not being the case, you could've sent a card.

I won't hold it against you, Ms. Moch sent me a nice picture for my birthday. And Sulaiman wrote me as well. As regards the other matter we spoke on, Babe will have to give you the pertinent information. All you have to do is send away for it, she has names, dates etc. that you will need. It would be best if you go in person to file the papers, in that way they will come back much sooner. But speak with Babe, and she will tell you about it. I have one other avenue that might be good, and that I will mention also to her the next time she comes up to see me.

I'll try to call on the weekend, did Ms. Moch tell you I called Sunday? I gave her a message for you, did you get it?

As Salaam Alaikum
Shedul
