AMERICAN COUNCIL ON EDUCATION
1785 MASSACHUSETTS AVENUE
WASHINGTON 6, D. C.

May 18, 1951

President George W. Gore, Jr. Florida Agricultural and Mechanical College for Negroes Tallahassee, Florida

Dear President Gore:

We are starting work on the sixth edition of the Council's standard handbook, American Universities and Colleges, which we hope to publish in the spring of 1952 in time to be of maximum use to students who plan to enter college that fall, and to counselors, teachers, administrators, and all others who have depended upon this volume since its first edition in 1928.

There has been a considerable increase in accredited institutions since the 1948 edition, and I am sure you will appreciate the fact that we have a big job ahead of us to get the data, compile this large volume, and print it in a year's time — a job that we cannot do without the cooperation of your staff. Therefore, although we know the extra pressure that is on your staff in these critical times and regret that we must add to it, we count upon you for prompt attention.

May we have the return from your institution as promptly as the end-of-the-year figures are available (this involves only Sections 11, 12, 15, and 17)? We have put a deadline of July 1 on the questionnaire, but it would be of great help to us if we could have your return earlier.

Sincerely yours,

Arthur S. Adams President The Florida Agricult

Mechanical College

Tallahassee, Florida

Commander Richard W. Loeffler National ROTC Band Association Saint Peter's College Jersey City 6, New Jersey

Dear Commander Loeffler:

Allow me to thank you for a citation to be presented to Lieutenant Colonel Albert J. Parker, Professor of Military Science, for outstanding contributions made to the National ROTC Band Association.

We will arrange to have an appropriate presentation made to him at assembly this summer.

Yours very truly,

George W. Gore, Jr.

/h

NATIONAL ROTC BAND ASSOCIATION National Headquarters Saint Peter's College Jersey City 6. New Jersey

18 May 1963

Dr. George W. Gore, Jr. President Florida A & M University Tallahassee, Florida

Dear Dr. Gore:

Enclosed is a citation for presentation to the Professor of Military Science of your institution for the outstanding contributions he has made to the National ROTC Band Association.

We realize that the schedule of a college or university President is a busy one, but we hope that you will find time to present it to him personally.

The improvement of any facet of college life such as the College or ROTC Band is something all administrators and educators can be justly proud of.

We feel that association with a national organization will improve all ROTC Bands throughout the country and we hope that this has been true at your school.

The benefits derived from being a member of the National ROTC Band Association are now being realized and the initiative taken by your school at this stage of the organization is indeed commendable. We are looking forward to your continued support of the National ROTC Band Association during the next academic year.

Respectfully,

Richard W. Loeffler RICHARD W. LOEFFLER

National Commander

National ROTC Band Association

AMERICAN COUNCIL ON EDUCATION

1785 MASSACHUSETTS AVENUE WASHINGTON 6, D. C September 14, 1951

MEMO TO President George W. Gore, Jr.:

Inclosed are two proofs of your institutional exhibit which is to appear in the 1952 edition of American Universities and Colleges.

Please read it carefully, and

(1) check all figures for accuracy;

(2) answer any inquiries that may be in the margins;

(3) fill in any spaces that may have been left blank on account of missing data -- note especially the section on FINANCES

(4) return one proof immediately with your okay or changes in the Return envelope inclosed.

But please do not make any changes unless they are factually important.

A return postcard will be sent to you around the middle of October for your 1951-52 enrollment.

Mary Irwin, Editor
American Universities and Colleges, 1952

the Negro.

September 17, 1951

Miss Mary Irwin, Editor American Universities and Colleges, 1952 American Council on Education 1785 Massachusetts Avenue Washington 6, D. C.

Dear Miss Irwin:

In reply to your memorandum of September 14, I desire to make the following observation:

1. The first notation concerning our new schools,
I was unable to interpret. Perhaps you were
asking concerning the authority to set up these
schools. If so, they were authorized by the
State Board of Control.

Yours very truly,

George W. Gore, Jr.
