218-9 6-3-57 salary recondmendations (custodial)

219 employment of Negro teachers. Mr. Godwin reported
to the Board that he had endeavored to adopt the
policy of employing teachers without regard to
race or color, and to make assignments of Negro
teachers to predominately white schools. He has
enlisted help of V. Williams, Rev. Hicks, Mr.
Barnett of NAACP in finding well qualified blacks
but so far there has been only one recomm. and
employment--that of Mrs. Price for treatment Center.

6-3-57

Con't

He rept. he plans to assign J.B. Holland to another Jr. Hi. He also plans assignment of Myrtle Sterns. The attitude of the Board was favorable to this plan and they agreed that complications were not legal, but psychological and social ones in this further step toward advancement of integration.

222 6-18-57 change order for rewiring of Monroe
discussion of installation of A.C. at Monroe approved.

223 proposa; salaries for principals.

224 need for school at 29th & Gage to relieve over crowding of Crestview.

249 8-5-57 annual rept of income and expenditures

250 possible reductions of budget

253 8-5-57 recommendations that annex bldg at Boswell be removed.

256 8-12-57 suggested school sites and boundaries.

261-2 8-20-57 In a short exec. session the Board discussed the adopted policy to not discriminate against employment of Negro teachers. Mr Godwin pointed out that Mr. Vance Williams, a Negro teacher employed last year at the Hi School, had proved to be successful and respected by teachers and students, and also that the assignment of a Negro teacher for mentally retarded children in a school which

is predominately white, has been a successful venture. Mr. Godwin stated that as a future step toward integration, he would like to assign two Negro teachers who are very high type and who have qualities to make them acceptable in predominately white schools. He asked that he be permitted to place the following:

1. Myrtle Starnes, 6th grade $\frac{1}{2}$ day at Central Park and $\frac{1}{2}$ day at Stout.
2. J.B. Holland, 6th grade $\frac{1}{2}$ day at Randolph and $\frac{1}{2}$ day at Southwest.

He also asked that the newspaper treat this transfer in routine fashion.

269 9-3-57 Dr. Summers asked why principals took time to call parents about the action which involved placing Negro teachers in formerly all white schools this coming year.

Mr Godwin stated that they felt the parents should not be subject to surprise in finding the Negro teachers in these schools, and they felt they would accept the situation more willingly if they were prepared.

270 9-3-57 discussion of expansion of schools
1. Belvior
2. Rice
3. Sumner
4. 25th-California

141-2 6-20-60 "A look at Jr High school curriculum"
 144 award contracts for language labs
 150-1 7-18-60 attendance zones
 Hi school
 153 7-18-60 Mr. Whitsom brought up the matter of assignment
 of a Negro teacher to a predominate white school--
 that of Mrs Beverly Harmon to teach at McCarter
 Grade School full time next year.

The Board raised no objection (to) this assignment.

As a matter of information to the Board, Mr. Whitsom told the members that he had been visited recently by Mr. Sam Jackson, attorney, and chairman of a committee for the NAACP, to check on reasons why some 9 Negro applicants had not been employed as teachers. Mr. Whitsom answer to him was that these particular applicants had not met requirements for employment that regardless of their color they have to meet certain requirements before they can be employed.

Mr. Jackson asked for individual reasons why these people did not meet requirements, but Mr. Whitsom explained that we cannot disclose matter of a personal nature.

(note--around this time the Board had discussed the National Teacher shortage)

155 8-1-60 community school study committee recommendations
 168 8-15-60 modern language in Jr Hi's
 169 change in McEachrin attendance area
 172-4 Cafeteria and lunchroom employees
 202 11-14-60 Quincy school site
 208 11-21-60 Attendance zone for Topeka West
 208 attendance area--Jardine
 208-210 Lyman Kaw Valley annexation
 210 no execeptions for seniors at T. West and THS
 12-5-60 attendance areas
 -Jardine
 -Eisenhower

- 227 1-3-61 attendance area for Eisenhower Jr Hi
- 233 1-16-61 attendance area for Eisenhower-Jardine and other Jr Hi's--complete w/optional zones
- 255 2-20-61 Prelin. plans--McClure school at 25th & Chelsea
- 259 3-6-61 presentation of superintendants report having to do with blacks, poor, etc. teachers, administration
- (3) it is now the 6th year of integration, which had brought money problems--changes in PTA leadership (many white families have moved from the district to less heavily populated Negro dists)
- (4) when a new school in a neighboring dist was opened, 52 students were transferred to that school, many whose parents were PTA leaders.
- (5) After integration, the children seemed to adjust easily--certain words became taboo such as "Black crow, nigger, etc."
- (6) Racial situation in that school seldom brings problems except when national racial problems are given prominence.
- (7) Integration has brought about the problems of all white areas gradually becoming all Negro, which poses a decrease in property value, job threats to those who live in the area, etc.
- (8) (Comment about 1951 work force in area of that school--"at this time all children were white except about 5% of Mexican extraction")
- (9) (Compared to 1961 work force. "Children come from homes of dire poverty to those of steady incomes, there are an increasing number who call for provisions of books for indigent children, indicating more children of unemployed parents")
- (10) "During the first year of integration 78.2% were white, now it has decreased to 52.5% white"
- (11) Health problems are changing...many children are illegitimate children of common law marriages, many from broken homes..alcoholic parents, often with one parent in the penitentiary. ? mothers have shot and killed their husbands, many home where both parents work, leaving children with no supervision many have reduced incomes because of alcoholism and gambling. Rejection by parents and personal degradation are common place.
- (12) A few examples of the problem.. one girl a victim of rape or incest, and illegal abortion.
- (13) "many of the children have never owned a book" (description of teacher problems)

Mr Godwin told the board there are similar circumstances in at least 13 other city schools.

- 262 3-6-61 attendance area Avondale schools

61 ait conditioning at Monroe for practical nurses school

66 6-17-63 Mr. Sam Jackson, Topeka Atty., and President of the local chapter of NAACP spoke to the Board on matters of segration, registering complaint on regard to "practices that cause is concern," and stating that the public schools are being re-segrated, : and deeming "woefully inadequate matters in guidance and conseling, "short changedry(?)" of vocational opportunities, etc.

Mr. Jackson remarked that the NAACP prefered to sit down with the Board and resolve these problems together, but that they no longer accept matters as they are without protest, and that all the dyramics used in other areas of the United States will be

asked here, if necessary.

He said that (they) feel short-changed in the operation of the Trade School, and job opportunities, and seek a full and equal School program; preduced that Negro parents are "fed up" with sending students to highly concentrated Negro schools, and that parents will take their children out of these schools and picket if things are not changed.

Pointing to some(e) of the highlights of this case, Mr. Jackson stated that Dr. Bolton and other staff have been very cooperative, but that they intend to do everything in their power to see that matters are changed, as it pertains to segregation.

Mr. Jackson indicated that he would furnish the Board with applicated copies of his statement and recommendations.

(Copy of report at P. 67)

- 67 6-17063 NAACP
recommendations, problems, allegal gerrymendeping
of districts, teachers, coaches, counseling program
"The patience of Negros has rum out"
- 67 Man power training courses approved.
- 74 expenditors for occupational training.
- 75-89 5-6-63 salaries for teachers and administrators.

tentative attendance area and pupil data for
proposal school W. of Arnold & S. of 31st
- 91 7-1-63 Mr Summers read a statement pertaining to the
critisims made by Mr. Samuel Jackson at the
June 17 meeting of the Board.
(half page long)
- #2 The Topeka Board of Education believes it is not
in the public interest to have been advised of
certain critisisms by Mr. Jackson, when at the same
time he stated that retaliatory measures would be
exercised against the Topeka Public Schools if his
recommendations were not adopted.
- #7 The Board also believes that attention should be
called at this time to the acheivement of the
Topeka Board of Education relating to desrgation
during the past 10 years.

#8 ...Therefore, pursuant to Plan embodied in various steps adopted in the years 1953 to 1955 inclusive the Board of Education has (achieved) complete compliance with the decisions of the United States Supreme Court in the Brown case...

#9 The Topeka Plan was carefully examined in the United States Dist. Ct. for the Dist. of Kansas. ...In an opinion and order of the Court dated October 28, 1955, the Topeka Plan was imanionusly(?) approved (auotation(?) from case as to good faith beginning)...

#10 As a result of the implementation of the Topeka Plan no child who resides within the Topeka Public School system or district is denied admission to any school on the basis of race; and there is no rule, regulation, policy or operating pratice of the Topeka public school system which deems or compels attendance at any school on the basis of race.

74 7-1-63 5 year projection of school site needs.

105-8 7-17-63 Joint meeting between NAACP and Board of Education points:

1. in 1953: 23 blacks/600 teachers
in 1963: 29 blacks/900 teachers
2. Mr. Jackson cited the fact that in 1941 when Negro students of 7th & 8th grades were first permitted to attend Jr Hi schools the hiring of Negro teachers was immed. authorized.

and the number of Negro eachers deceased from 40 to 25.

3. In 1953, when there were 4 negro schools (named) there were 23 negro teachers, 4 prinicipals, 1 negro supervisor. But from 1953 to present the number of teachers has increased to 900 and there are 3 less negro prinicipals and 29 teachers. He observed that there are less negro employed now then when we had segregation schools.

He vited a number of applicants who had degrees and where critized by the State Dept. but were not considered employable in Topeka.

Mr. Schendel pointed out that the "climate" has changed since 1941 and told the NAACP members present that our Board was shocliiod(?) at their accusatious. "We felt that we had been going along pretty well and making many advances in this area although there are still many elements of improvement needed."

- 106-7 7-17-63 He added that he felt the NAACP was insulting the members of the Board by saying that the non-hiring of Negroes is deliberate and that we are guilty of gerrymandering school lines.
... "The Board may need nugging from time to time."
