Dr. G. W. Gore
President
Florida A. and M. College
Tallahassee, Florida

Dear Dr. Gore:

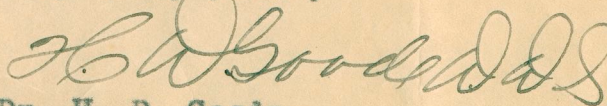

This comes to introduce to you Wendell Austin, a recent graduate of Washington High School, of this city and to recall to you my conversation with you concerning a scholarship for him.

I have known Wendell since his birth and have known him to always bear the traits of honesty, loyalty, integrity, willingness to serve and work, high intellect, initiative and perseverance. Because of these traits, as well as numerous others which space does not permit me to mention, he graduated with second honors in his class, being beat by only a fraction of a point by the valedictorian.

I am sure that, if given a chance, he will live up to the ideals of the institution and will be a credit to the same, as he comes to you highly recommended by the principal of his school, Dr. G. T. Wiggins; his home-room teacher Mrs. L. J. Johnson, and the community at large.

I trust that you will give him an opportunity to earn his education in our Alma Mater, FAMU.

Very truly yours,

Dr. H. D. Goode

Dear Dr. Goode:

I have made an analysis of the case of Miss Lois M Harrison, the student in Nursing Education from Pensacola. Her record for the first semester of the academic year 1949-50 gave a "D" average. She failed in English 101, and received a "D" average. She failed in English 101, and received a "D" in History 100, and Mathematics 101. For the second semester, she maintained the same average and failed English 101, Political Science 200, and received a "D" in Nursing 104. During the summer session her average was almost a complete "E". She took two courses in biology and made a failing grade in one and a probation grade in the other, and a probationary grade in nursing. The nursing regulations are such that a student must maintain an average of "C" or above in order to continue the second year. When a student's record falls below the standard it is recommended that she register in another division of the college for at least one year and then re-apply for Nursing Education, if the subsequent record merits such action.

I shall be pleased to talk the matter over in detail when you come to Tallahassee next weekend.

Yours very truly,

George W. Gore, Jr.

General Alumni Association
Florida A & M College
Tallahassee, Florida

Dear Fancean;

I am honored by your electing me your next president of the General Alumni Association. I want to express my appreciation and to thank you for bestowing such an honor upon me. I humbly solicit your intelligent and informed support and I welcome any constructive criticism, advice or suggestion that any member of the association has to offer. I sincerely hope every member will feel free in voicing his or her opinion at all times. It will be with your help that we are going to make our association second to none.

You have seen the progress already made at our college and you have heard the excellent plans for the future by our college president, ~~the Hon.~~ Dr. George W. Gore, Jr. You have heard of the promised support of our governor, Hon. Fuller Warren and the honorable members of our board of control.

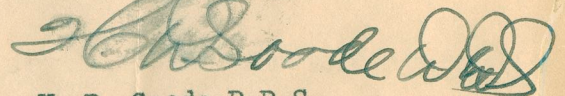

The challenge is now ours. I am positive that you are proud of the fact that you are a Florida A & M College alumnus. A school that the administration with our support is planning to make the ultimate in educational potentialities and occupy the most enviable spot in the educational world. A school is judged by its graduates and students, we have a perfect right to feel proud of ours.

For the best interest of our school there must be the fullest amount of cooperation between the alumni and the administrative officers of the school with facts as the prevailing basis for all decisions. We must so conduct ourselves that our every act will be a Christian pledge to the loyalty of our college and its president and we as a unit shall send up a prayer that every member of the Florida A & M College faculty will dedicate himself to rendering the fullest amount of service to the school and cooperate with the administration and the alumni association.

I ~~will~~ not reach all of our alumni through this communication because many of you have changed your addresses or your names and we do not have the information. Will you please make yourself a committee of one and ask any other alumnus that did not receive this letter to send his name and address to the executive secretary Mr. G. W. Conoly, Fla. A & M College.

I am looking forward to a progressive, cooperative and enjoyable term of office.

Sincerely yours,

H. D. Goode D.D.S.
President
Fla. A & M College

Dear Dr Goode:

Enclosed is a copy of correspondence which has transpired between Coach Gaither and the Athletic Committee of Tennessee A and I State College with respect to a game which was scheduled for Saturday, November 3.

Originally it was agreed that the game would be played on Saturday afternoon. However, when A and I returned the contract, Saturday had been scratched out and Friday night, 8:00 p m was substituted. I had made a previous engagement to speak in Nashville on that date and mentioned it incidentally to Coach Gaither. From experience, the coach has learned that it is better to have our team play in the day rather than at night because of the difficulty our boys have in adjusting to cold climates, and for this reason he felt that Tennessee State should stick to the original agreement. These data are submitted for your information as I am sure you will be hearing about it in the days that are to come.

Kindly remember me to Mrs Goode.

Yours very truly,

George W Gore, Jr

July 16, 1952

Dr. Horace D. Goode
405 $\frac{1}{2}$ N. Devillere St.
Pensacola, Florida

Dear Doctor Goode:

On our telephone conversation the other day, you asked for an outline of the administrative structure by which the hospital was governed. I have, on the appended sheet, given you such an outline. As you will see we have three main divisions which are all inter-related. First, there is the administrative division headed by the hospital superintendent which has to do with the general hospital administration and all its phases; and under him you have an assistant superintendent whose duties are suggested by his title, a purchasing agent and an admissions officer. The admissions officer is a fairly important person in our set up, because the solvency of our prospective patients is a very important point, and so the admissions officer and his staff will determine whether or not the patient will be admitted as an absolute indigent, or a modified indigent, or whether he will be admitted as a private patient.

Yours very sincerely,

D. T. Rolfe

Dear Dr. Goode:

I shall speak at the Alabama State College on the morning of March 30. It is quite possible that I will be able to catch the 12:25 p m train and arrive in Flamaton at 3:30 p m. I will spend the night in Pensacola and leave at about noon on Friday for Tallahassee.

On Saturday, I had a long talk with Horace Donald and he was in good health and doing quite well in his work.

Yours very truly,

George W. Gore, Jr.
