Dear Miss Diamond:

Allow me to express appreciation for the excellent books which you gave our library from your personal collection. The matter has been brought to my attention by Mr. J Luther Thomas, our librarian, who reports this addition is a significant one and of untold value to students.

We are most grateful to you for your generosity in this regard.

Yours very truly,

George W. Gore, Jr.

Dear Miss Diamond:

As per your request I had representatives of our Division of Education and Nursery School visit the Nursery School on your property in the Bond Sub-division.

In view of the many problems which we are now faced with in conducting the college Nursery School, it was their opinion that we could not at this time take on any further responsibilities in the way of supervising an additional Nursery School.

Yours very truly,

George W. Gore, Jr.

Dear Miss Diamond:

I took occasion to inspect the property concerning which you called me and found that it is quite adequate for a program of Nursery School Education. However, at this time we are not considering the purchase of additional real estate. Should a need arise and the property is still available, I shall be happy to contact you.

Allow me to thank you for your continued interest in the institution and its welfare.

Yours very truly,

George W. Gore, Jr.

Dear Miss Diamond:

Allow me to thank you for the establishment of a \$200 per year Perpetual Scholarship Fund to be awarded to a deserving young woman from Leon County.

It is my understanding that the institution will maintain a committee of three persons to make the selection under the limitations stated above, and with special regard to the need and the individual merits of the young woman to be chosen. It is my further understanding that this scholarship will be included in your will so that it can be perpetuated. In keeping with my agreement, I plan to present this matter to the Board of Control at its next meeting on September 29, 1953, so that it may be formally accepted and made a matter of permanent public record.

On behalf of the University I especially desire to express my appreciation to you for this, which is another indication of your interest in our work here.

You have the honor of being the first person to establish a scholarship at Florida Agricultural and Mechanical University.

Yours very truly,

George W. Gore, Jr.

Dear Dr. Gore:

Thanks for your letter of September 4th.

Learned with much pleasure that the scholarship I am establishing is the first at the Florida Agricultural and Mechanical University.

The enclosed check for \$200.00 is to be used for a deserving young woman from Leon County who needs financial assistance for an education.

The University has made great strides under your administration and with best wishes for its future growth.

Sincerely yours,

Ruby Diamond
