- h. The values to be derived from institutional affiliation with established organizations in the field of Adult Education.

As a first step, an effort will be made to get the Association of Colleges and Secondary Schools to authorize the establishment of a Committee or a Commission on Adult Education whose responsibility it would be to encourage, stimulate and evaluate the development of programs of Adult Education in member institutions.

Owing to the fact that those Presidents and Deans who will remain over for Friday evening and Saturday morning sessions will be the dinner guests on Friday evening and the luncheon guests on Saturday of the Center for the Study of Liberal Education for Adults, we would appreciate your indicating by November 15th whether you, your dean and/or other representatives will be able to remain for this important meeting. A card is enclosed for this purpose.

As background material for the meeting, a very brief summary of the initial meeting held in July is herewith enclosed.

Very sincerely yours,

S. J. Wright, Chairman
Advisory Committee
Center for the Study of Liberal Education
for Adults
