Dear Dr. Gore:

The Steering Committee of the Leon County Negro schools is in the process of making up the program of work to be carried on during the Post Planning conference from June 12 - 17, 1950.

We would like to have you give a lecture during our general assembly on Tuesday, June 13 at 9:00 a.m.

It is our hope that you will be available to participate on this date.

Very truly yours,

Dorothy G. Holmes

Dear Mrs. Holmes:

If possible I should be pleased to bring greetings to the Leon County Teachers on Tuesday, June 13, at 9 o'clock a. m. I am sure you realize the fact that my program is so full at this time that I cannot make a definite promise so far in advance and be sure of being able to keep it. I would suggest that you contact me again nearer the time.

Yours very truly,

The Leon County Council, which had its re-organization meeting on February 5, would like to take this opportunity to invite you to be present at its next meeting on March 5, at the County Agent's office, 408 East Bloxham Street.

The program committee has worked out an interesting program to be presented at this meeting, which I am sure will be of interest to you.

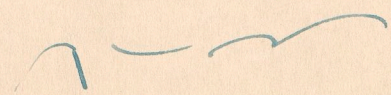

Any suggestions you might bring along to help this organization help Leon County to be a better county for its citizens, will be very much appreciated.

Dear Mrs. Holmes:

I have talked with Mr. E M Thorpe, our registrar, and we have worked out an arrangement whereby your teachers may register on June 15, if they are undergraduates, or on June 16, if they are graduate students and file letters with registrar's office to the effect that their work will not allow them to return to classes until June 21.

I am hereby approving this plan and would like to have from you a list of teachers whom this would affect.

Dear Dr. Gore:

In a recent meeting of the Leon County Teachers Steering Committee, it was called to the attention of the group that Florida A & M College summer session begins June 15.

The teachers of Leon County are under contract to work until June 20. I am wondering if something can be worked out for June 18, 19 and 20, if teachers are permitted to register on June 15 or 16 as designated.

I would appreciate any arrangements you can make so that the teachers of this county will not have to break their contract with the Leon County School Board plus the loss of pay for these three days.

Dear Dr. Gore:

The Leon County School Board has applied for and received funds for a sight class for Negro children.

At present there is a class of this kind in operation in the Demonstration School at F. S. U.

Mrs. Hollifield who is a member of your faculty applied for this type of service for her son who will enter 1st grade in September. Three other children have been recommended by the Health Dept. to Mr. A. Boyd for this service.

I am sure a sight survey will reveal other children.

Mr. Amos P. Godby, Superintendent of schools asked me to ask you if you could provide a room at the college for the children. The School Board will pay the 10 months salary.

The children are not in the sight saving class all day, they return at certain periods to their respective class rooms.

I am hoping that you can help us out by furnishing a space so that these funds will not have to be returned to the state.

Respectfully yours,

Dorothy G. Holmes.

Dear Mrs Holmes:

I am in sympathy with your proposal to have us offer a sight saving class here at Florida A and M College. At the present time, I am embarrassed for space for our regular school classes. Beginning in the fall, we are opening four new divisions with no additional space.

In view of the above facts, I do not see how we could possibly entertain the thought of accommodating a sight saving class. Perhaps at some later date when we have some new buildings, we shall be able to take advantage of your proposal.

Dear Dr. Gore:

Our interest in the enclosed project is only that of cooperation with the College Committee that contacted us asking if a teacher could be supplied for crippled children.

I have not written you before because a member of this Committee contacted your medical social worker, who called the County Superintendent and asked if such services were available to children.

The School Board has not made a request for a room, the college contacted the Superintendent of Public Instruction and asked about the possibility of the services of a teacher for crippled children. Mr. Godby sent me to the hospital to represent him. I was to say that we will cooperate, but I was cautioned not to go into the matter too far unless you were properly notified.

I called Mr. Johnson and asked if you had been notified, and Mr. Johnson had the switchboard operator to connect me with Mr. Stafford. Mr. Stafford assured me that you would be contacted.

I hope that this will explain why our agency did not give you any correspondence on the matter. It was because the College Committee called us first concerning the matter, and I thought that it was either the responsibility of Mr. Spearman or some other member of the enclosed committee to keep the president of the institution properly informed.

Dr. George W. Gore, Jr.

Dear Dr. Gore:

On last year, the teachers of Leon County had a conflicting schedule with Florida A and M College's registration and class attendance schedule, because teachers in this county were under contract to work until June 20th. Again this year, we find that conflict has re-occurred, as we find the teachers will be under contract to work until June 19th, and summer school begins June 16th.

Last year, it was so arranged that our teachers were excused from our planning conferences to register on June 15th and 16th, and an excuse was granted through your office for the days 18th, 19th, and 20th.

I am writing to find out if it will be possible for you to grant permission for our teachers to be excused from classes on June 17th, 18th and 19th, and we will excuse the teachers to register on June 16th.

Any consideration you might give us will be very highly appreciated.
