My dear son:

I appreciate your letter and check. It came at the right time, however I didn't care much about celebrating Christmas, much of the time was spent in my room. The previous Sunday, I was in Franklin, had my Christmas dinner and met many old friends. My trip to Louisville to attend the funeral of Coach Kean gave me great joy because I met many of my old friends. But when things don't go well with you I can't be happy. I was happy to hear yours and Pearl's voices over long distance then I learned later that you would be back at home the last of the week, so I hope things are okay by now.

Tell Pearl I'm praying over the offer to put the telephone in my room. I think it too much expense,, therefore, I am afraid to say "yes". My number now is Al 6-9450.

I haven't seen Pearl Mayo lately, but no doubt soon, then I will get all the news.

Best regards to Pearl. Continually praying for your happiness and success.

Your father,
