Dear Congressman Diaz-Balart,

Criminal Anarchy threaten's both
the Peace and the future prosperity of
our nation with losses of roughly
128 billion dollar's a year. We
simply cannot go on with this
nonsense and survive as a Global
Trading Partner with Europe and
Japan. The historical answer
to our problem is mass arrest,
mass prosecution, and the mass
incarceration of our entire
population of habitual
criminal's. We have
poured Billion's into our
prison's, court's, and the
Ghetto for 30 year's plus
and **NOTHING WORK'S.** We
cannot afford to house
thug's here in the USA
so we must ship them to
a place where they can be
kept for under a **DOLLAR a
DAY.** There is **NO OTHER
ANSWER.**

Warm Regard's From Your Pal
Joseph Wilson Jr. *Joe*
