Dear Mrs. Carter:

Thank you for permitting the children's chorus from the Lewis Adams School to sing at the meeting of the Tuskegee Civic Association at the Greenwood Baptist Church on last Sunday afternoon. The audience expressed appreciation by its applause. After the meeting, Mrs. Tilly stated to me that she was very pleased at seeing children participate in public programs of civic interest. She also expressed appreciation of the type of songs and rendered and indicated that it might be helpful for them to be sung frequently and over a widespread area.

With best wishes for continued success in your educational work, I am

Very truly yours,
