Dr. Akbar Hakim,
Dear Abdul,

I just wanted to take time out from my busy, busy, schedule and say thank you for always being there for me as my comrade, my brother and friend. We will always be family. For your family so close to me as my own blood, you, your mother, and the entire family share a genuine care for me and always wish me well in whatever path I take. I'll work with Ms. Groch in putting a progress report together for you.

Got to go now. Mississippi is just two days away. Will write more soon.

Always
Malika
