My dear Dr. Gore;-

We are grateful for your thoughtful
courtesy in the matter of the season ticket. We might
report satisfactory progress in our reorientation, hoping
before too long to be able to consider ourselves ful-
fledged members of the community.

Respectfully,

The Avents

My dear Dr. Gore;-

Feeling almost completely recuperated after a delightful ten weeks vacation, I hasten to attempt to express to you my gratitude to you for the part you played in this long range venture. Returning to ^{the} place of my most pleasant experiences at the invitation of the Clinical Association, the comfort and joy of our stay on the campus was greatly enhanced by the cordial hospitality extended by you and Mrs. Gore. For this we are very thankful and henceforth shall cherish you two among our most prized friends. With kindest regards to Mrs. Gore,

Very respectfully,

J. S. Avent
