

The Rosewood Family Trees

Introduction

The Office of the Attorney General created a family tree for each Rosewood family. These family trees were necessary to assist this office in determining which family members were eligible for compensation under the Rosewood law.

These family trees have been compiled based in part upon the information provided to the Office of the Attorney General by various members of the Rosewood Families. To supplement this information, research was conducted at the Levy County Courthouse and consisted of a search of birth, marriage, land, and tax records. Information was also received from the documented history of the Rosewood violence, the Florida Bureau of Vital Statistics, Florida Department of Law Enforcement, journalist Gary Moore, newspaper and magazine articles, personal interviews with survivors of the violence, and telephone and personal conversations with various claimants and interested parties.

The Rosewood Family Trees

Although it is not the responsibility of this office to become involved in the award process under the Rosewood law, we are pleased to forward the information we have accumulated to the Department of Education to assist in the Scholarship award process.

Throughout our investigation, this office has become aware that there are additional records that we were unable to obtain, as well as the names of other family members whose existence or whereabouts are currently unknown. Accordingly, this office cannot presume the completeness of the attached family trees. Therefore, this information should not be utilized as the sole authority to eliminate anyone from eligibility for an educational scholarship.

Gregory Durden, Esquire
Chief of Civil Rights
Office of the Attorney General
June 14, 1995

Introduction

The Office of the Attorney General created a family tree for each Rosewood family. These family trees were necessary to assist this office in determining which family members were eligible for compensation under the Rosewood law.

These family trees have been compiled based in part upon the information provided to the Office of the Attorney General by various members of the Rosewood Families. To supplement this information, research was conducted at the Levy County Courthouse and consisted of a search of birth, marriage, land, and tax records. Information was also received from the documented history of the Rosewood violence, the Florida Bureau of Vital Statistics, Florida Department of Law Enforcement, journalist Gary Moore, newspaper and magazine articles, personal interviews with survivors of the violence, and telephone and personal conversations with various claimants and interested parties.

Although it is not the responsibility of this office to become involved in the scholarship process or to provide data regarding the scholarship portion of the Rosewood law, we are pleased to forward the information we have accumulated to the Department of Education to assist in the Scholarship award process.

Throughout our investigation, this office has become aware that there are additional records that we were unable to obtain, as well as the names of other family members whose existence or whereabouts are currently unknown. Accordingly, this office cannot presume the completeness of the attached family trees. Therefore, this information should not be utilized as the sole authority to eliminate anyone from eligibility for an educational scholarship.

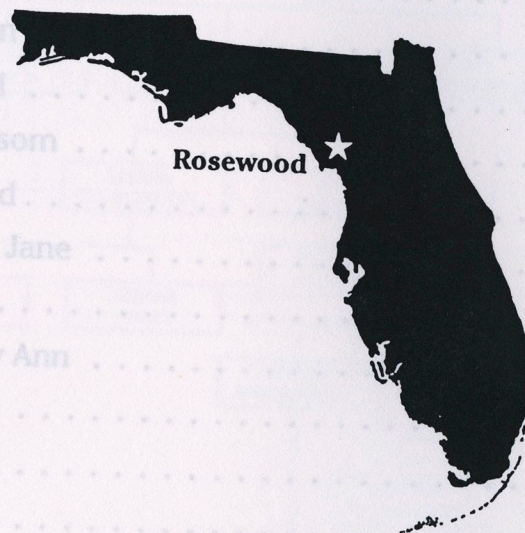

Gregory Durden, Esquire
Chief of Civil Rights
