Dear Mrs. King:

I have been watching every mail with anticipatory joy for the coming of your letter.

We are sorry that November 9 is unacceptable, but we fervently hope that one of the suggested spring dates will be acceptable. We would like for you to come on one of these dates: April 5, 12, and 26. We prefer you come on April 5. Please let us know as soon as possible the date you select for we must finalize our year's program for the 1969-70 academic year.

We hope you will mention your book some place in your address for we welcome an opportunity to help in it's sale. Tuskegee Institute has long supported most of the great goals that activated your late husband's life and now is an inspiration to you.

Looking forward to hearing from you in the immediate future and pray God's richest blessings on you and your lovely children.

With kindest personal regards, I am

In His Name,

Andrew L. Johnson
The Chaplain
