My dear Miss Knibbs:-

I have to thank you ever so much for your letter of the 15th December last conveying your good wishes to me. The delay in answering same is due to the tremendous pressure of business and the bulk of correspondence I have to go through.

I appreciate highly what you have been able to do in the past in the interest of the Association and hope you will continue and help us accomplish the goal of an Africa redeemed.

With very best wishes,

I have the honour to be,
Your obedient servant,
MARCUS GARVEY.

~~IN 1944~~ I joined the juveniles the boy &
girl group of the UNIA - located at 120 W 138 St NYC -
there we learned to drill - & of course there were parades
in the streets of Harlem.

The boys wore a scout like uniform & the girls
wore black skirts & white middie blouses with a black triangular
Tie with red & green ribbon spaced between.

The Tie like the flag of the UNIA was

Red for the blood

Black for the color

Green for the Green Fields of Africa

Marcus Garvey was the first one to make you
aware that black the colour we were, was something
to be proud of - the speeches he made, the things he
tried to do. To make you see yourself as a person to hold your
head high - not to be ashamed of being black
