Dear Sir:

I am trying to find out how many colored men in Georgia during the Reconstruction Period were members of the State Legislature. You will, no doubt, be able to assist me in securing this information.

I wish particularly to know:

1. The number of colored men who were members of the Georgia legislature.
2. Their names.
3. The greatest number of colored men who were members of the legislature at one time.
4. The total number of members in the legislature when it had its greatest number of colored members.

I thank you in advance for whatever information you can give on this subject, which I wish to use in the 1915-1916 edition of the Negro Year Book.

Very truly yours,

enc

Editor Negro Year Book.
