Carrie Meek

You are truly a demented, dimwit
and brain-damaged idiot.

You should be tarred and feathered
and dumped in the Potomac.

Instead of being involved in the
deterioration of America, spend time
devising methods to close U.S. borders
from the infiltration of illegal immi-
grants and returning those who are
already in the U.S. receiving welfare
benefits - increasing burdens upon U.S.
citizens.

G. Powell, Ill.
