

THE THREE POINTS OF UNITY AND ORGANIZATIONAL DISCIPLINE

The Individual is subordinated to the organization - Any members of the organization ARE bound by the policies and rules of the organization - Without this there is NO ORGANIZATION

The lower level is subordinated to the higher level - to be organized is to have structure and AREA'S of RESPONSIBILITIES - those who ARE OFFICERS MUST BE RESPECTED AND THEIR ORDERS CARRIED OUT. Merit and knowledge ARE the requirements to hold positions and EVERYONE MUST UNDERSTAND the inter-connections of ALL it's PARTS

The Entire membership is subordinated to the Coordinating Committee - The highest level within our organization is the C.C. - Rules and policies - and strategy ARE formulated here - The strategy is political and military.

Correcting Mistaken Ideas

The concept of autonomy within the frame work of the organization is anarchic and should be struggled against. Democracy - the allowing of freedom of expression is correct since it enables one to say what they have to say but within the structure of a military organization the right to speak is limited to time, place, and circumstance. When the call for organizational consolidation went forth in 1974 it was based upon the realities of our situation and historical necessity. Our enemies are organized and follow orders - why then do we have such an aversion to it? It is fear - of fully realizing our potential as a fighting force.

Those who propagated the autonomy concept based it upon incorrect ideas and subverted the consolidation effort. We are told those outside have what they call a 360° degree view - based only upon the fact they are outside yet little or no action was undertaken by those with such a broad view and they disregarded the directives of the C.C. which were politically correct. Autonomy presupposes the political-military consciousness of all involved to be such as equal and it's not true. There were those who adopt this view because of fear, let us not mine words. Had the directives of the C.C. been carried out our political situation would be more favorable nationally and internationally. We should be able to take care of our comrades - underground as well as above.

THE AUTONOMY GIVEN WAS CARRYING OUT THE DIRECTIVES OF THE C.C. NOT DOGMATICALLY BUT WITHIN THE REALITY OF THE CONDITIONS, FLEXIBILITY MEANS BEING ABLE TO CARRY OUT THE DIRECTIVES OF THE C.C. WITH A MINIMUM OF RISK NOT DISREGUARDING THEM.

MAO SAID; GET ORGANIZED AND IF WE ARE TO BE FREE AS A PEOPLE WE MUST ALSO GIVEN ORDERS WON'T MAKE US SUCCESSFUL BUT CARRYING THEM OUT IN THE TRUE SPIRIT OF REVOLUTIONARIES WILL.

STRUGGLE AGAINST AUTONOMY AND CONSOLIDATE
REVOLUTION UNTIL VICTORY

Suggestions ON Propaganda Teams

While the tactical command carries out the ~~work~~^{strategy} of the C.C. on the military level - the political command carries out the strategy on the political level. The prop team should give much thought to the Education of the MASSES in ways that will rise their consciousness - leaflets - spray paint - using a minimum of words for maximum effect. Example KLAN SUPPORTS REAGAN - IS this why the budget is cut? BLACK UNEMPLOYMENT MEANS MORE PRISONS - things must be localized to fit the conditions - As for Psy-WAR - Methods of discrediting the enemy must be found to undermine their morale - BLACK COPS ARE TO WHITE COPS - NIGGERS.

The people in these teams will have team leaders and go about their work in a clandestine manner and not in the traditional forms such as organising rallies etc. that could be left to defence committees and issues within the community that would generate that type of support. We can draw on old party comrades & other political people who support the armed front and still recognise the need for struggle - we must start utilizing all aspects of the community to the best of our abilities. We must think organizationally and collectively. Keep in mind the words of the poet "Come alone his life can't better

Either gun or fetter
Everything or Nothing
All of us or None

Organize on all levels

ON J.Y., if he did the things claimed by members then appropriate measures should have been taken against him. To say now he should not be supported while a process is definitely some nigger type thinking - very unprincipled not to mention harmful organizationally - again think collectively and progressively. What happen with him is directly related to those who propagated anarchy - can't you see when you destroy the construction of the organization with individualistic tendencies and anarchy it must filter down thru the ranks. Support him, Selmon & other p.o.w.'s - kill individualism that is harmful and build up the organization then problems like that won't exist
