RFT/tw RATIONALE FOR 1954 # BLACK:  
 (COMPARISON OF L. 9 W/ L. 13) IF THE EVENTS OF L. 13 TOOK PLACE THEN L. 9'S ATTEMPT AT ESTIMATING 1955 BLACK POPULATION WOULD NOT BE LESS THAN THE ACTUAL NUMBER IN THE SCHOOL AT THE TIME OF ESTIMATION.

eg. CENTRAL PK. WAS SATED TO RECEIVE 21 BLACK STUDENTS IN 1954 ACCORDING TO L. 13 BUT L. 9 ESTIMATES THAT CENTRAL PK WILL ONLY HAVE 11 BLACK STUDENTS IN 1955 "BASED ON" THE ENROLLMENT OF 1954

\* Original report used the term "colored"

\*\* Beginning with 1941-42 school year, seventh and eighth grades were sent to the junior high schools due to Kansas Supreme Court decision (Graham) which decreed that all city schools at each level would contain the same grades.

EXCERPTS FROM TOPEKA BOARD OF EDUCATION MINUTES:

September 8, 1953 -- Presentation and Adoption of First Step

In making recommendations of the Board concerning the first steps to be taken in terminating segregation, Mr. Godwin emphasized the importance of these steps:

- 1) That the termination of segregation should be done in a gradual and orderly manner.
- 2) That in his judgement it is a social impossibility to terminate segregation suddenly.
- 3) That speed with which segregation is terminated depends largely on the forbearance and self-discipline of both the white and colored people.
- 4) That it is not possible to set an accurate time in which segregation is terminated completely.

Mr. Godwin recommended that as a first step segregation be terminated in the Southwest and Randolph School districts this year, and that Negro children living in these districts be permitted to continue attendance at Buchanan school if they desired, but that transportation to Buchanan would not be supplied. He announced that this move would affect approximately 15 Negro children.

FIVE STAYED.

Dr. Conrad moved that segregation be terminated in the Southwest and Randolph Schools, and that Negro children living in these school districts be permitted to continue at Buchanan if they desired, but that transportation to Buchanan school be discontinued. Second. Dr. Greer. Yea: Unanimous.

January 20, 1954 -- Presentation and Adoption of Second Step

Mr. Godwin made the following recommendation as to the second step to be taken in the termination of segregation in the elementary schools, effective September, 1954:

SECOND STEP IN TERMINATION OF SEGREGATION  
IN TOPEKA ELEMENTARY SCHOOLS

- I. In implementation of the Board's policy to terminate segregation in elementary schools as soon as practicable, I propose that the second step be taken at the opening of school in September, 1954. The step should be acted upon by the Board at this time in order to enable everybody concerned to make necessary plans for next year.

January 20, 1954 (Continued)

II. In the second step, I propose that segregation be terminated in the following school districts and that transportation not be provided for Negro children who are affected, but that such child be given the privilege of attending the nearest Negro school if his parents want him to do so. (All pupil accounting is based on the number belonging in October 16, 1953.)

\*The limitation suggested at Grant is that three Negro children isolated in the extreme northern part of Grant School district be permitted to attend Grant, while the remainder of the Negro children continue at McKinley.

\*\*The limitation suggested at Polk School is as follows: Several Negro children in this district live very close to Buchanan School. They should continue at this school. There would not be room for them at Polk and there is plenty of room at Buchanan. However, there are three Negro children now attending Monroe school but residing in the Polk district. I suggest that they be allowed to attend Polk School.

January 20, 1954 (Continued)

III. The effects of taking this step would be as follows:

1. It would reduce the enrollments of Negro Schools as indicated.

	<u>From</u>	<u>To</u>	
McKinley	127	89	30%
Buchanan	160	121	24%
Monroe	245	221	90%
Washington	292	280	4%
	<u>824</u>	<u>711</u>	

2. It would place 123 Negro children in integrated schools.

3. It would leave, in addition to the four schools for Negro children, 12 schools integrated, 2 schools (Grant and Polk) on a basis of partial integration, and 5 schools continuing on a segregated basis (Lafayette, Lincoln, Lowman Hill, Parkdale and Van Buren).

Dr. Conrad moved that the Board accept the recommendation of the Superintendent, and make it the policy of the Board for the ensuing year. Second: Mrs. Shiner. Yea: Unanimous.

February 7, 1955 -- Presentation and Adoption of Third Step

Mr. Godwin made a report to the Board recommending the Third Step in Terminating Segregation in the Public Schools of Topeka, and requested that action be taken by the Board at an early date (probably February 23).

I. In implementation of the Board's policy to terminate segregation in the elementary schools as soon as practicable, I propose that the Third Step be taken at the opening of school in September, 1955. Action should be taken by the Board at an early date (Probably on February 23), in order to enable everybody concerned to make necessary plans for next year.

II. In the Third Step I propose the following elements:

(a) That segregation be terminated in all remaining buildings.

February 7, 1955 (Continued)

- (b) That McKinley Elementary School be closed, and placed on a stand-by basis for the coming year.
- (c) That Buchanan, Monroe, and Washington Schools be assigned to districts within the general framework of elementary school districts according to maps presented herewith.
- (d) That any child who is affected by the changes in district lines as herein recommended, be given the option of finishing elementary grades in the school which he attended in 1954-55, McKinley excepted.
- (e) That entering kindergarten children in 1955-56, who are affected by the change in school boundaries as herein recommended, be given the option of attending the same school in 1955-56 that they would have attended in 1954-55 if they had been old enough to enter.
- (f) That no transportation be provided in 1955-56 or thereafter.

III. The estimated number of students who would transfer if these recommendations are adopted by the Board is indicated, and is based on the assumption that one-third of the children attending Washington, Monroe, and Buchanan, who would be given the choice of transferring to a new school or remaining in their present ones, will choose to remain in their present schools.

December 21, 1955 -- Presentation and Adoption of Fourth Step

Mr. Godwin, Superintendent, presented and read Step IV in the gradual and systematic termination of racial segregation in the Public Schools of Topeka.

STEP IV IN THE GRADUAL AND SYSTEMATIC TERMINATION OF RACIAL SEGREGATION IN THE PUBLIC SCHOOLS OF TOPEKA:

cont'd next page

December 21, 1955 (Continued)

I. Review

The policy of the Board to "terminate the maintenance of segregation in the elementary grades as rapidly as practicable" was adopted at the meeting on September 3, 1953.

Step I was adopted September 8, 1953 to become effective immediately. It abolished segregation in two elementary school districts; namely, Randolph and Southwest, but gave Negro children the option of continuing in their former schools. FIVE P.D.

Step II was adopted January 20, 1954 to become effective on September 1, 1954. It abolished racial segregation in 10 additional elementary schools on a complete basis, and 2 on a partial basis, but gave the Negro children the option of continuing in their former schools.

Step III was adopted on February 7, 1955 to become effective on September 1, 1955. It was the longest and most significant step yet taken. It terminated segregation in all the remaining elementary schools and created attendance districts for the three schools which had previously operated as segregated schools for Negro children. This step also contained optional features, but the options in this step applied to white as well as to Negro children. These optional features were challenged in the United States District Court on September 15, 1955 by attorneys for the National Association for the Advancement of Colored People. The Court upheld the over-all plan then under consideration which included Steps I, II, & III. The opinion, however, is critical of the temporary option contained in Step III, pertaining to kindergarten children entering school in 1955-56. The Court retained jurisdiction of the cause for the purpose of entering the final decree at such time as the Court feels there has been full compliance with the mandate of the Supreme Court.

II. Recommendation

I recommend that Step IV become effective on September 1, 1956 in compliance with the mandate of the Supreme Court and order of the U.S. District Court. In order to be in compliance, it is clear that Step IV must include the following elements:

- (a) That the expiring "option e" in Step III which permitted entering kindergarten children in 1955-56 who were affected by the change in school boundaries, outlined in Step III, to exercise the option of attending the school located in the district in which they resided or to attend the school which they would have attended in 1954-55 if they had been old enough to enter, be allowed to expire. This means that the kindergarten children who exercised that option in 1955-56 would not have the option to exercise in 1956-57 or thereafter. (Nine Negro kindergarten children who exercised the option in September 1955 to enter schools which were formerly segregated for Negro children only, would not

cont'd next page

be permitted to attend the school of their present attendance in September 1956, unless they should move into the proper attendance district. Eleven white children who exercised the option in September 1955 to enter schools which were formerly segregated for white children only, would not be permitted to attend the school of their present attendance in September 1956, unless they should move into the proper attendance district.)

- (b) That all children moving into any Topeka elementary school district which is not designated as an optional district between two or more elementary schools (or having moved into such district on or after June 1, 1955) be required to attend the elementary school of the district in which they reside, subject only to be traditional exceptions that have prevailed in Topeka for many years. The traditional exceptions are as follows:
1. A kindergarten or first grade child whose parents reside in Topeka and are both employed, may be granted permission to attend the kindergarten or first grade located in the district in which the adult who cares for the child during the day resides.
  2. A child whose parents move into a different elementary school attendance district during the school year, may finish the year in the school he has been attending.
  3. A child who has finished the fifth grade in an elementary school, and whose parents move into a different Topeka school attendance district may attend the sixth grade of the school he attended in the fifth grade.
  4. A crippled child may be given permission to attend an elementary school which is suitable in view of the nature of his handicap.
  5. Pupils who are eligible for any phase of our special educational program which is not housed in the school district in which they reside may be asked to attend the school which does house that particular part of our program which meets the needs of those particular individuals.

Note: This recommendation leaves unchanged the "option d" of Step III which went into effect September 1, 1955. That option is as follows"

- (d) "That any child who is affected by the changes in district lines as herein recommended, be given the option of finishing elementary grades in the school which he attended in 1954-55, McKinley excepted."

cont'd on next page

December 21, 1955 (Continued)

This, too, like "option e" referred to earlier, is an expiring option. Sixty-two Negro children and seventy-eight white children exercised this option in September, 1955. As they gradually move through the schools they are now attending, the option will pass out of existence. This is considered to be an orderly procedure in terminating the practice of segregation.

III. I suggest that action on this recommendation be delayed by the Board until January 18, 1956 in order to hear any suggestions that may be presented by people of the community.

There was considerable discussion following the reading of this recommendation by the Superintendent. Both Mr. Burnette and Mr. Scott wanted to go on record as being opposed to the optional features; Mr. Burnette was of the opinion that it was detrimental to pupils and teachers to prolong complete integration; he felt the Board was creating a feeling of insecurity, especially to teachers in Buchanan, Monroe and Washington schools. Mr. Burnette asked if the Board contemplated another step in desegregation and Mr. Godwin replied that this step (IV) brings Topeka into full compliance with the law and further stated that no child in Topeka is denied permission to enter any school.

Dr. Greer stated that action would not be taken on this until the meeting to be held January 18, 1956.

#### January 18, 1956 -- Adoption of Fourth Step

Dr. Greer stated that the Board would now consider action on Step IV in the gradual and systematic termination of racial segregation in the public schools of Topeka.

Mr. Burnette, President of the N.A.A.C.P., stated that first of all he would like to set the matter straight regarding Court action of September 15, 1955, and also previous Court action by the N.A.A.C.P. had not taken matters into Court until all other remedies were exhausted and the Courts were the last resort. He mentioned his first appearance, asking for integration of negro children, on April 23, 1948, and of the many times since then that he had appeared before the Board on this subject.

As they were aware, he had been opposed to Step III containing the option clause and he was not in favor of Step IV, (he did not agree with the long drawn out method of integration as shown in Step IV). By taking definite action on Step IV, it would take seven long years to terminate racial segregation. Mr. Burnette made a very strong appeal for racial segregation to end immediately; he said this has been done in other communities and he believed it could be done in Topeka without opposition from the public.

January 18, 1956 (Continued)

---

Mr. Burnette stated that at a recent meeting mention had been made that approximately 100 teachers would be needed next year, but nothing has been said about the integration of the negro teachers. He said that the negro teacher had been completely left out of desegregation.

After reading excerpts from various publications on this subject, Mr. Burnette again pleaded that the negro teacher be integrated along with the other teachers and children in the Topeka schools.

There was no discussion following the comments by Mr. Burnette, and Mrs. Shiner moved that Step IV in the gradual and systematic termination of racial segregation, as recommended by the Superintendent, and in compliance with the mandate of the U.S. Supreme Court and the U.S. District Court, be adopted.

Second: Mr. Schendel. Yea: Unanimous.
