

COMMUNIQUE # 11

BLACK LIBERATION ARMY

REVOLUTIONARY GREETINGS:

This message is in reply to the outlandish lies being spread by the Racist newsmedia. One lie is that we stuck up some grocery store in Harlem. According to the white establishment newsmedia, and there nigger lackeys' newsmedia (which is white oriented) we took \$80 and fled. We DENY THIS LIE made up by the racist pigs and their lackeys. We are REVOLUTIONARY GUERRILLAS and not petty bandits. How do we look going from banks to some grocery store in Harlem; and Harlem of all places, where a blood has a grocery store in business just trying to survive.

Also we do not mug people, or kill people at random, especially black and third world people. It seems that this is the image them lackeys of WURL, AMSTERDAM NEWS and others, are trying to project to the masses about the Black Liberation Army. Let us assure you that we are not about that, and we will never harm third world people. Our fight is against the United States government, and that's why we attack the pigs so much because they are part of the military arm of these United States. We relate to a violent revolution as Malcolm was rappin' about, and not that ole KNEEGROW revolution a lot of niggers is trying to project. It goes to prove how Malcolm was right. He said if a lot of you knew what a revolution was, you'd back up in the alley and get out of the way, and practice is showing that a lot of so-called revolutionaries and kneegrow militants just done change their whole ideology; from Bullets to Ballots. How is one going to destroy this capitalistic system by working right along in it. You must not be too sincere in really trying to destroy it. But trying to become a part of it, just want to be like massa. So all you are doing is becoming a capitalist like massa, and capitalism just goes on, and as long as capitalism goes on, oppression, ex-.....MORE.....

exploitation, racism and other oppressive forces goes on. Not only in this country but in other third world countries also. So those of you who believe you can actually change this capitalistic system by working within it should check out your minds, because Amerikkka's practice has shown that she ain't about to give up capitalism peacefully, and doesn't care how many ballots you cast, or how many Blacks you put in office. She just isn't going to give it up that way. We'll quote Malcolm again. We must speak the language of our oppressor, if our oppressor's speaks with a shot gun, then we must speak with a shotgun. When it comes down to destroying our oppressor's system, you can be sure he's speaking boo-koo violence.

So we the members of the Black Liberation Army is just going to rap on in the oppressor's language, and we ain't about to back up in nobody's alley.

We hope Black and Third World people don't believe the lies that our oppressor is spreading. We know our people with some political and Black awareness should be hip to what whitey is doing. We all should be hip to the man's tricknology by now, and how he uses the news media to distort the minds of the masses.

All one has to do is look at our past practice and you will see that grocery stores and social clubs just isn't our stick. Now we do stick up, because the revolution needs money. But we do not rob from our own people or any third world people. We only stick up the greedy businessmen. How do we look taking \$80-dollars from a grocery store, when we can go down to CHASE MANHATTAN's and take \$80 thousand dollars? (Can you dig it?)

Once again we deny robbing that grocery store for \$80 dollars, and we also deny sticking up some social club that we were supposed to have killed some blood in. We do not rob or kill third world folks, it's against our principles. Now we don't deny killing Pigs or any other oppressive forces in the Black community. Yes we take credit for killing pigs, bank robberies, jail breaks, sky jackings, etc. We also take credit for the recent ambushes on the

(more...)

pigs. The ambushes was sincere attempts to take them pigs off the count. And our reason for trying to kill them pigs was to REVENGE our dead comrades CHANGA OLUGBALA; (Woody Green) and KIMU OLUGBALA; (Anthony White). Who were murdered by pigs both whiteys and niggers, in a Brooklyn bar. Due to the unfortunate outcome of the ambushes they haven't been avenged YET!!

We will say it again so there's no confusion or misunderstanding. We did not rob any grocery store, or any social club, or kill any blood in Harlem or at any social club. In dealing with those robberies we've been so falsely accuse of, let's look at it logically and be realistic about it, Banks are more feasible than grocery stores and social clubs.
