Precious Malika,

Well i'm back in this dungeon. Finally got my belongings and the materials, including address book, ect. just reached me today from yo way via "Federal express." Wrote you earlier but didn't have address so i tore it up due to constant movement. It was just a whole bunch of love notes anyway. Then word came of the vicious verdicts and i began to feel the feelings of the fool for even expecting anything other than unjust acts from ^{the} unjust. Just hope that Mutulu & Marilyn don't allow such setbacks to weaken them for the strength is plenty and it's there for them to see and develop. Please convey my love.

Speaking of love Frankye you know that i can't help but love you for your Amazonian endurance inspires de ol Soldier to keep on marching as tho Nzinga Herself had returned. Gon always love you Afrikan Woman! i understand that Nuh got back alright. Hope that you continue to be understanding toward him and try and do what ya can for his struggle w/ the judiciary.... Wanted to talk about so much but the dampers are on and you already know me better than me sometimes... So i'll just cut this short and get back into these writs & stuff. Gon be in betta touch - you too. my humble gratitude to all the righteous for their hospitality and you give yourself a big hug & kiss for me,

Don't Fuss bout yo Birthday
Too Much Cuz you're as young
as yesterday & Old as Tomorrow. ♡

In Struggle,
